

Tridens Unveils AI-Powered Digital BSS at MWC Barcelona 2026

Meet Tridens at MWC 2026 (2–5 March, Fira Gran Via, BCN). Transform your telco monetization with Tridens Monetization AI-powered digital BSS. Hall 6 Stand 6E40.

LONDON, UNITED KINGDOM, February 19, 2026 /EINPresswire.com/ -- Tridens, a leading innovator in charging, billing and revenue management solutions is announcing its participation at Mobile World Congress (MWC) Barcelona 2026, where it will present and demonstrate the powerful capabilities of its [Tridens Monetization BSS](#) platform.

Tridens Monetization BSS

Taking place from March 2 to 5, 2026, at Fira Gran Via in Barcelona, MWC Barcelona serves as the global stage for the connectivity industry, where leaders explore the latest advancements in digital transformation, AI, and monetization strategies.

“

At Tridens, we transform how telcos monetize mobile, fixed, and digital services with AI-powered digital BSS built for unmatched speed and scalable growth.”

Aleš Pristovnik

At Hall 6, Stand 6E40, Tridens will showcase how its fully cloud-native, AI-powered [digital BSS solution](#) brings exceptional agility and flexibility to communications service providers (CSPs) and [MVNOs](#) of all sizes.

Designed for convergent monetization across mobile, fixed, and digital services, Tridens Monetization enables operators to respond swiftly to evolving market demands

while maintaining operational excellence. The platform combines modern cloud architecture with intelligent no-code configuration tools and advanced AI-driven automation, allowing service providers to streamline complex processes such as subscription management, tariff configuration, prepaid/postpaid billing, and customer experience orchestration.

Key benefits:

- Reduce OPEX by up to 60%
- Launch a new cloud BSS deployment in 30 days
- Launch a new product or offer in just 3 hours

Visitors to the Tridens stand will experience live demonstrations of the solution's intuitive interface, AI-powered features, and seamless scalability. Expert teams will be available for in-depth discussions on tailoring the platform to specific business needs and achieving faster digital transformation with lower total cost of ownership.
