- Compliance education addressing consent requirements, eligibility verification, and documentation standards
- Ancillary insurance training, including dental, vision, life, and supplemental products
- Enrollment platform and technology walkthroughs
- Income qualification and subsidy education for ACA applications
- Client retention and re-enrollment strategies for ongoing policy management
- Needs assessment and coverage recommendation guidance
- Record-keeping and audit preparedness practices

Live Webinars and On-Demand Agent Training

Agents contracted with BenaVest have access to scheduled live training webinars, recorded sessions, and educational resources supporting continuous professional development.

Training sessions may include interactive question-and-answer opportunities, enrollment scenario discussions, and process guidance related to insurance compliance and application accuracy.

Compliance Education and Documentation Practices

BenaVest also delivers compliance-focused education, including its [Compliance Olympics training](#) initiative, which addresses marketing compliance considerations, eligibility documentation requirements, data protection practices, and proper application assistance standards.

These educational sessions are intended to help insurance agents better understand regulatory expectations and documentation procedures.

Supporting Independent and Remote Insurance Agents

The training programs are structured to support independent agents, remote professionals, and agency-based teams by providing access to marketing guidance, enrollment tools, and mentorship resources.

The integration of education and technology resources is designed to assist agents with workflow organization, client communication, and multi-product enrollment processes.

About BenaVest
