

STAND UP FOR SCIENCE TO HOLD 'RALLY TO TAKE BACK SCIENCE' IN 33 LOCATIONS NATIONWIDE ON SATURDAY, MARCH 7th, 2026

A Nationwide Day of Action to Save Science, Protect Health, and Defend Democracy.

WASHINGTON, DC, UNITED STATES, February 23, 2026 /EINPresswire.com/ -- One year after the movement-defining [Stand Up for Science](#) protest, organizers are returning to the streets to demand scientific integrity, strong public health protections, and democratic accountability.

With 33 rally locations nationwide, the Rally to Take Back Science will bring together scientists, health professionals, students, and community advocates to call for an end to political interference in America's scientific enterprise, and for decision-making grounded in evidence and the public interest.

###

Stand Up for Science is grassroots, Washington, D.C. based, non-profit organization mobilizing the fight for science and democracy. Stand Up for Science was formed in February 2025 in response to executive orders dismantling federal science agencies and undermining the American scientific ecosystem. On March 7th, Stand Up For Science mobilized over 50,000 people at 170+ events across the world on its first National Day of Action. Federal scientists across multiple agencies (NIH, EPA, NASA, FEMA) have chosen Stand Up for Science as the platform for their dissent.
