

Harvest Snaps Now Available for School Foodservice

Real-Veggie Snack Made with Green Peas as the #1 Ingredient Exceeds USDA Smart Snack Standards

FAIRFIELD, CA, UNITED STATES, February 25, 2026 /EINPresswire.com/ -- Calbee's Harvest Snaps is bringing its real-veggie philosophy to school foodservice programs with single-serve bags of the brand's bestselling [Lightly Salted Baked Veggie Snacks](#). Made with farm-picked green peas as the first ingredient and free of artificial flavors and preservatives, the crunchy snacks pair wholesome nutrition with student-friendly flavor and texture.

Surpassing USDA Smart Snack Standards, each 1oz package delivers 5g of whole-food protein, 4g of fiber, and more than 50% of whole grains by weight per serving. There are no saturated or trans fats, only 75mg of sodium, and total sugars account for just 6% of total carbohydrates. Plus, for each 130-calorie serving, total fat contributes only 5.6% of calories. Shaped like a playful pea pod and thoughtfully crafted to satisfy hunger and sustain stable energy levels, the crisps are well-suited for cafeterias, vending machines, and after-school programs. They're also certified gluten free, vegetarian friendly, and free from common allergens, including wheat, soy, nuts, peanuts, and eggs – supporting inclusive menu planning across diverse school populations.

“
