

QRbolt Achieves GS1 Canada Qualified Solution Provider Status

QRbolt Achieves GS1 Canada Qualified Solution Provider Status, Pioneering Future-Ready 2D Barcode Adoption for Canadian Businesses

VANCOUVER, CANADA, February 24, 2026

/EINPresswire.com/ -- [QRbolt](#), a leader in dynamic QR code management and digital link solutions, today announced its official qualification as a GS1 Canada Qualified Solution Provider for GS1 Digital Links. This significant milestone underscores QRbolt's pioneering expertise in enabling Canadian Consumer Packaged Goods (CPG) manufacturers and other industries to seamlessly transition to the global 2D barcode standard, ahead of the GS1 Sunrise 2027 initiative.

As a GS1 Canada Qualified Solution Provider, QRbolt's platform offers a robust and verified pathway for businesses seeking to implement GS1 Digital Links. This qualification reflects QRbolt's unique and proven capabilities in delivering solutions that meet GS1's stringent standards for accuracy, interoperability, and efficiency. QRbolt stands as a pioneering Qualified Solution Provider on the GS1 Canada platform specializing in GS1 Digital Link implementation, reflecting its unique expertise and leadership role in this critical domain.

GS1 Digital Links represent the next generation of barcodes, revolutionizing how consumers access rich product information and engage with brands through a single scan. QRbolt's platform facilitates the seamless adoption of these advanced links, preparing companies for the global standard by December 31, 2027, known as GS1 Sunrise 2027. This transition will require all retail point-of-sale systems worldwide to be capable of scanning 2D barcodes, making QRbolt's solutions essential for future-proofing product identification strategies.

"As the digital landscape evolves rapidly towards a 2D barcode future with GS1 Sunrise 2027, QRbolt is proud to lead the charge as a GS1 Canada Qualified Solution Provider for Digital Links,"

Marko Sarunac, QRbolt

said [Marko Sarunac](#), Founder & CEO of [IncudoLABS](#) / QRbolt. "This qualification is a testament to our commitment to delivering not just innovative, but also inherently secure and proudly Canadian solutions that empower businesses to navigate this transformation with confidence and integrity."

Marko Sarunac, QRbolt Logo

Built in Vancouver, BC, QRbolt embodies Canadian values of innovation, integrity, and a commitment to supporting local industry, offering solutions designed with data sovereignty and regulatory compliance in mind. The platform integrates robust cybersecurity measures, including

automatic URL scanning against threats, to protect brand reputation and consumer trust, ensuring data integrity and secure digital interactions at every scan.

This qualification is a testament to our commitment to delivering not just innovative, but also inherently secure and proudly Canadian solutions that empower businesses."
