MANAMA, BAHRAIN, February 24, 2026 /EINPresswire.com/ -- [Chestertons Global](#) has expanded its presence in the Middle East with the addition of Best Location in Bahrain to its international network, strengthening its commitment to partnering with established, locally led firms in markets demonstrating sustained real estate activity and long-term potential.

The partnership comes at a time when Bahrain's real estate sector has

recorded increased transactional activity, with recent market data indicating higher volumes compared with the previous year, reflecting continued market engagement and liquidity.

"Bahrain is an important market within our Middle East strategy. It offers a compelling mix of accessibility, openness to international ownership and a maturing real estate environment that increasingly values professional advisory support." said Mohamed Mussa, Executive Director of Chestertons Global. "When we consider expansion, we focus on markets that offer clients a credible long-term proposition and where established local teams already operate to strong professional standards. From our initial discussions, it was clear that Best Location reflects the values, practices and service approach we look for in a partner."

From February 2026, Best Location will operate as part of the Chestertons Global network, combining local market expertise with the brand's international frameworks and service standards. Best Location brings comprehensive property capabilities across brokerage, valuation and property management, with activity spanning key Bahrain neighbourhoods including Manama, Seef District, Amwaj Islands and Diyar Al Muharraq.
