

Moorooka Dental Care Introducing Transparent Pricing for Dental Implants in Brisbane

BRISBANE, AUSTRALIA, February 26, 2026 /EINPresswire.com/ -- [Moorooka Dental Care](#) has introduced a structured and transparent pricing model for [dental implants in Brisbane](#), aimed at reducing financial uncertainty for patients considering implant treatment. The clinic offers flexible payment arrangements to assist patients in planning their care according to their financial circumstances.

Moorooka Dental Care logo

Dental implants are commonly used as a long-term option for replacing missing teeth. However, the upfront cost can cause some patients to delay treatment. Moorooka Dental Care provides a clear breakdown of fees, so patients understand the expected costs before commencing care.

“

We understand cost often delays dental implant treatment. We provide clear details on options, fees and payment pathways so patients can make informed decisions about their oral health.”

Dr Zaheer

Pricing is structured across a range of implant treatments. A single dental implant fixture (unrestored) is available from \$1,999 AUD. A complete single dental implant, including the final crown, is priced from \$3,999 AUD. Patients are informed of inclusions and any additional treatment requirements following clinical assessment.

For full-arch tooth replacement, Moorooka Dental Care provides [All-On-4 dental implants in Brisbane](#) and All-On-6 implant treatments. These options are available from \$19,000 AUD per single arch using an acrylic titanium bridge. Suitability for All-On-4 in Brisbane is determined

following clinical examination and diagnostic imaging.

Additional implant-supported treatment options include implant-retained dentures from \$15,000 AUD and a fixed three-unit implant bridge from \$9,000 AUD for replacing adjacent missing teeth.

The clinical team at Moorooka Dental Care, led by Dr Zaheer Kadwa, has placed over 4,000 dental implants across Australia. Treatment planning is based on individual clinical findings, and patients are provided with detailed information regarding risks, benefits, and alternative options before proceeding.

Dr Zaheer Kadwa, Principal Dentist at Moorooka Dental Care, said, "We understand that cost is one of the main reasons patients delay dental implant treatment. Our goal is to provide clear information about treatment options, expected costs and available payment pathways so patients can make informed decisions about their oral health."

Health Fund and Finance Options for Dental Implants in Brisbane

Moorooka Dental Care works with major Australian health funds, including Bupa, Medibank, HCF, CBHS and NIB. Patients are supported in understanding their available rebates and claiming processes in accordance with their individual policy coverage.

Flexible Payment Plans

The clinic offers payment plan options through third-party providers such as TLC. These arrangements allow eligible patients to spread treatment costs into structured weekly or monthly instalments. Terms and approval are subject to the provider's assessment criteria.

Compassionate Release of Superannuation

Dr Zaheer - Implant Dentist at Moorooka Dental Care

Affordable Dental Implants Brisbane

For patients requiring extensive dental implants in Brisbane, Moorooka Dental Care provides documentation to support applications for compassionate release of superannuation where clinically appropriate. Applications are assessed and approved solely by the Australian Taxation Office. Patients are advised to seek independent financial advice before applying.

Patients interested in discussing dental implants or All-On-4 can book a consultation at Moorooka Dental Care. During the consultation, the dentist will conduct a clinical examination and diagnostic imaging where required and provide a personalised treatment plan along with a detailed cost estimate.
