

Mosaic Medicine Unveils Advanced Male Hormone Optimization in Bradenton, FL

New science-based hormone optimization program helps men in Manatee County boost vitality, strength, and energy through personalized hormone care plans.

BRANDENTON, FL, UNITED STATES, March 10, 2026 /EINPresswire.com/ -- Restoring Balance: Mosaic Medicine Launches Personalized Male Hormone Program

Mosaic Medicine, a patient-centered medical clinic in Bradenton, FL, founded by Cory Lucas, FNP-C, ENP, has officially launched its Advanced Male Hormone Optimization program.

Designed for men seeking a personalized approach to energy, strength, and vitality, the program integrates state-of-the-art testing, bioidentical hormone therapy, and lifestyle guidance to restore hormonal balance and overall wellness.

“

Each patient is seen as a unique individual, and our goal is to deliver care that lasts a lifetime, not just a single visit.”

Cory Lucas, FNP-C, ENP

“Modern healthcare often overlooks the individual needs of men struggling with hormone imbalances,” said Cory Lucas, FNP-C, ENP. “Our program provides a science-backed, integrative solution tailored to each patient’s goals, empowering men in Bradenton and Manatee County to regain vitality and confidence.”

Digital & Facility Enhancements

Mosaic Medicine leverages a modern clinic environment with easy online scheduling, telehealth consultations, and rapid lab testing to ensure patients receive timely, actionable care. Same-day and next-day appointments are available, emphasizing accessibility and patient convenience for men balancing busy professional and personal lives.

Mosaic Medicine provides unhurried, personalized consultations for men seeking hormone balance and long-term vitality.

Services Overview

Male Hormone Optimization

Mosaic Medicine offers personalized hormone assessment and bioidentical therapy for testosterone, DHEA, and other vital hormones. The program focuses on restoring energy, muscle mass, mental clarity, and overall wellness.

Integrative Approach

Blending conventional and functional medicine, Mosaic Medicine evaluates root causes of hormonal imbalances, addressing lifestyle, diet, stress, and chronic conditions alongside hormone therapy.

Clinical Approach & Philosophy

Mosaic Medicine's philosophy emphasizes time, trust, and patient partnership. Consultations are unhurried, personalized, and designed to empower patients to actively participate in their health journey. The clinic operates on a Direct Primary Care (DPC) membership model, allowing unlimited provider access without hidden costs.

"Healthcare should not be transactional," Lucas explained. "Each patient is seen as a unique individual, and our goal is to deliver care that lasts a lifetime, not just a single visit."

Conditions & Services Treated

The Male Hormone Optimization program addresses:

- Low testosterone and age-related hormone decline
- Fatigue and reduced stamina
- Muscle loss
- Mood imbalances and cognitive decline

Advanced hormone testing at Mosaic Medicine ensures science-based, data-driven treatment plans for men.

Mosaic Medicine's male hormone optimization program helps men restore strength, energy, and confidence through personalized care.

Patients benefit from evidence-based therapies, lifestyle counseling, and ongoing monitoring to maintain optimal hormone balance.

Accessibility & Community Focus

Located in Bradenton, FL, Mosaic Medicine serves men throughout Manatee County with both membership-based Direct Primary Care and pay-per-service options. Entry-level consultations are offered at \$37, including initial assessment and treatment recommendations. This approach ensures care is accessible, affordable, and community-focused.

Getting Started

Men interested in hormone optimization can:

- Schedule a \$37 initial consultation online or via phone
- Undergo comprehensive hormone testing and evaluation
- Receive a personalized treatment plan integrating therapy, lifestyle guidance, and ongoing follow-ups
- All consultations are private, stigma-free, and designed to educate and empower patients.
