

LAUNCHER.SOLUTIONS Successfully Completes 2025 SOC 2® Type 2 Examination

JACKSONVILLE, FL, UNITED STATES, March 2, 2026 /EINPresswire.com/ -- LAUNCHER.SOLUTIONS (Launcher), a leading provider of loan origination technology for consumer and automotive lenders, today announced the successful completion of its 2025 SOC 2® Type 2 examination.

Our lenders rely on us to safeguard sensitive financial data, and this independent validation reinforces that trust.”

*Nikh Nath, President,
LAUNCHER.SOLUTIONS*

The independent examination, conducted by A-LIGN, validates that Launcher’s controls were suitably designed and operated effectively over a defined review period in accordance with the AICPA Trust Services Criteria.

This milestone provides independent third-party assurance that Launcher maintains a strong control environment to protect customer data and mitigate cybersecurity risk.

The examination was performed by A-LIGN, a licensed CPA

firm and leading technology-enabled security and compliance partner serving more than 5,000 organizations worldwide.

“Security, compliance, and operational integrity are foundational to our partnerships,” said Nikh Nath, President and Co-Founder of Launcher. “Completing our SOC 2 Type 2 examination demonstrates that our controls are not only well-designed but consistently operating effectively. Our lenders rely on us to safeguard sensitive financial data, and this independent validation reinforces that trust.”

Established by the American Institute of Certified Public Accountants (AICPA), the SOC 2 framework evaluates an organization’s controls related to security, availability, processing integrity, confidentiality, and privacy. A Type 2 report verifies that these controls are not only properly designed but have operated effectively over a defined period. SOC 2 reports are globally recognized as a benchmark of operational excellence and data protection.

For banks, credit unions, and financial institutions, SOC 2 Type 2 serves as an important component of third-party vendor due diligence and risk management programs.

Launcher will continue to undergo annual SOC 2 examinations as part of its commitment to continuous compliance and security maturity. The full report is available to current and

prospective clients upon execution of a non-disclosure agreement.
