

# Ubunye Asia Awarded Malaysia Digital Status for Efflux Cloud Capture

*Ubunye Asia, with Efflux Solutions, earns Malaysia Digital Status from MDEC for Efflux Cloud Capture, a secure SaaS automation platform.*

KUALA LUMPUR, WILAYAH PERSEKUTUAN, MALAYSIA, March 5, 2026 /EINPresswire.com/ -- [Ubunye Asia](#), in partnership with Efflux Solutions, today announced that it has been awarded [Malaysia Digital \(MD\)](#) Status by Malaysia Digital Economy Corporation (MDEC) under the Malaysia Digital initiative. The recognition was granted in acknowledgment of [Efflux Cloud Capture](#), a secure cloud-based platform designed to deliver intelligent document capture and workflow automation for enterprises.

Malaysia Digital (MD) Status is awarded to companies that demonstrate strong digital capabilities, scalable innovation, and measurable contribution to Malaysia’s digital economy. The designation reflects alignment with Malaysia’s national vision to accelerate digital transformation and position the country as a competitive regional digital hub.

Efflux Cloud Capture is a Software-as-a-Service (SaaS) platform that enables organizations to modernize document-driven processes by digitizing capture workflows, automating data extraction, and integrating seamlessly with enterprise systems and cloud storage environments. Built with enterprise-grade security and scalability in mind, the platform supports organizations seeking improved operational efficiency, governance, and compliance.

“Receiving Malaysia Digital Status is a proud milestone for our team,” said René Brunt, CEO and Founder of Ubunye and Efflux Solutions. “This recognition validates our belief that globally competitive, enterprise-grade cloud technology can be developed from Malaysia and delivered to the world. Efflux Cloud Capture was created to help organizations automate smarter, reduce operational friction, and scale with confidence.”

Through its partnership with Efflux Solutions, Ubunye Asia continues to invest in cloud-native technologies, intelligent automation, and scalable SaaS innovation that serve both regional and international markets. The Malaysia Digital recognition reinforces the company's commitment to contributing meaningfully to Malaysia's growing digital ecosystem.

Efflux Cloud Capture addresses operational challenges faced by document-intensive organizations by enabling standardized workflows, intelligent data processing, automated routing, and enhanced visibility across departments and distributed workforces.

As digital transformation accelerates across Southeast Asia and global markets, organizations are prioritizing cloud adoption and automation. Efflux Cloud Capture supports this shift by providing a secure, adaptable platform capable of integrating into modern enterprise environments.

The awarding of Malaysia Digital Status marks an important chapter in Ubunye Asia's growth strategy. The company remains focused on expanding its regional footprint, strengthening its partner ecosystem, and continuously enhancing platform capabilities.

Ubunye Asia extends its appreciation to MDEC, partners, customers, and the team behind Efflux Cloud Capture for contributing to this achievement.
