LOS ANGELES, CA, UNITED STATES, March 9, 2026 /EINPresswire.com/ -- [Alejandro Hernandez III](#), Founder and Principal Advisor of ARH Global Advisors LLC, announced the continued expansion of the firm's advisory services focused on strategic oversight of complex [real estate](#) assets held within trusts, estates, and high-value portfolios.

Operating at the intersection of real estate, fiduciary strategy, and estate administration, ARH Global Advisors provides independent advisory services to trustees, estate administrators, attorneys, fiduciaries, and high-net-worth families navigating complex property holdings.

Real estate frequently represents the largest and most complex asset class within high-value estates, often requiring specialized oversight during probate, trust administration, asset restructuring, and generational wealth transitions.

Through ARH Global Advisors, Hernandez provides strategic advisory and coordination for trust-owned and estate-controlled real estate, helping fiduciaries and families evaluate asset disposition, portfolio strategy, valuation considerations, and transaction planning.

"Real estate assets within estates often carry legal, financial, and fiduciary implications that extend far beyond a traditional brokerage transaction," Hernandez said. "Our role is to provide independent strategic guidance so fiduciaries and families can make informed decisions regarding complex property assets."

The firm's advisory approach integrates real estate market expertise, legal and fiduciary insight,
