

# REsides Announces Third Dividend Payout

*Industry-first equity ownership MLS model continues to deliver consistent shareholder returns*

HILTON HEAD ISLAND, SC, UNITED STATES, March 11, 2026 /EINPresswire.com/ -- REsides, the independent, borderless, and technology-driven MLS, today announced its third annual dividend payout, underscoring the continued performance of its equity ownership model.

The REsides Board of Directors has declared an annual cash dividend of \$2.00 per share for Class A and Class B shareholders and \$1.00 per share for Class C shareholders. This marks the company's third dividend distribution since launching its industry-first equity ownership MLS model in 2021.

"In a market that continues to challenge the industry, consistency matters," said Colette Stevenson, CEO of REsides. "This dividend reflects the steady performance of our business and the strength of an MLS model designed to adapt, endure, and deliver over time."

The dividend was distributed following the company's Annual Shareholders Meeting, reinforcing REsides' commitment to returning value to its owners while maintaining a strong financial foundation.

Built to put brokers at the center of the MLS ecosystem, the REsides model helps participants differentiate, scale, and grow in a dynamic market while continuing to deliver tangible value to shareholders, as reflected in this new latest dividend news.
