FORWARD-LOOKING STATEMENTS:

Except for the statements of historical fact contained herein, the information presented in this news release constitutes "forward-looking statements" as such term is used in applicable United

States securities laws. These statements relate to analysis and other information that are based on forecasts or future results, estimates of amounts not yet determinable and assumptions of management. Any other statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, using words or phrases such as "expects", or "does not expect", "is expected", "anticipates" or "does not anticipate", "plans", "estimates" or "intends", or stating that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved) are not statements of historical fact and should be viewed as "forward-looking statements". We have based these forward-looking statements on information currently available to the Company, assumptions the Company believes are reasonable and our current expectations about future events or performance. While we believe these expectations are reasonable, such forward-looking statements are inherently subject to risks and uncertainties, many of which are beyond our control. Our actual future results may differ materially from those discussed or implied in our forward-looking statements for various reasons. Factors that could contribute to such differences include, but are not limited to, the ability to obtain the necessary permits and approvals to operate, the Company's ability to develop new products and/or services, the approval of the Company's application for a launch license and the timing thereof, the Company's expansion to Midland, Texas, the adoption by the market of the Company's method of satellite deployment, the Company's continued business arrangements, market trends and competition in the Company's industry, the future diversification of the Company's revenue streams and the assumptions underlying any of the foregoing, and other factors discussed in the Company's filings with the Commission under Regulation A. Consequently, all of the forward-looking statements are qualified by these cautionary statements, and there can be no assurances that the actual results or developments will be realized or, even if substantially realized, that they will have the expected consequences to, or effect on, the Company. Accordingly, readers should not place undue reliance on forward-looking statements contained in this news release and in any document referred to in this news release. The forward-looking statements contained in this news release are made only as of the date hereof. The Company assumes no obligation to update or supplement any forward-looking statements whether as a result of new information, future events or otherwise. The Company encourages investors to review other factors that may affect its future results in the Company's Offering Circular relating to this offering and its other filings with the Securities and Exchange Commission. This news release shall not constitute an offer to sell or the solicitation of any offer to buy the Company's securities.
