

# Aging Infrastructure Revitalization Driving Opportunities In The Repair Construction Market 2026

*The Business Research Company's Repair Construction Market Report 2026 – Market Size, Trends, And Global Forecast 2026-2035*

LONDON, GREATER LONDON, UNITED KINGDOM, March 12, 2026

/EINPresswire.com/ -- The [repair construction market](#) is dominated by a mix of global construction firms and specialized building maintenance technology companies. Companies are focusing on advanced repair

techniques, project management solutions, sustainable construction practices, and enhanced safety and compliance frameworks to strengthen market presence and maintain high-quality standards. Emphasis on regulatory compliance, durability of structures, efficiency of repair operations, and integration of digital project management systems remains central to

It will grow from \$184.07 billion in 2025 to \$197.15 billion in 2026 at a compound annual growth rate (CAGR) of 7.1%”

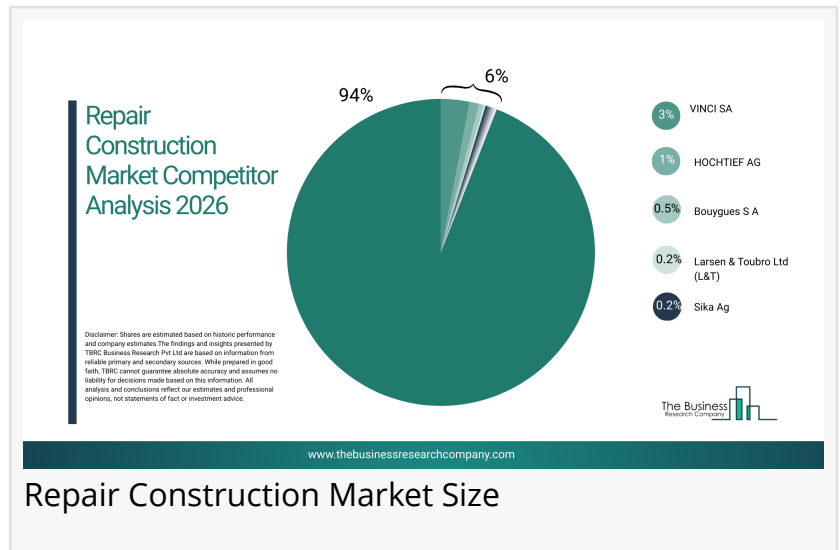

*The Business Research Company*

competitive positioning. Understanding the competitive landscape is essential for stakeholders seeking growth opportunities, technological innovation, and strategic partnerships within the rapidly evolving construction and infrastructure maintenance sector.

Which Market Player Is Leading the Repair Construction Market?

• According to our research, VINCI SA led global sales in 2024 with a 3% market share. The building services division

of the company, which is directly involved in repair and construction operations, provides a wide range of structural repair solutions, maintenance services, project management systems, and sustainable construction practices that support residential, commercial, and industrial infrastructure in regulated construction environments.

## Who Are The Major Players In The Repair Construction Market?

Major companies operating in the [repair construction market size](#) are VINCI SA, HOCHTIEF AG, Bouygues S A, Larsen & Toubro Ltd (L&T), Sika Ag, Skanska AB, Turner Construction Company, Strabag Se, Balfour Beatty plc, Jacobs Engineering Group Inc., Compagnie de Saint-Gobain S.A. (Chryso S A S), Fosroc International Limited, BASF SE, 3M Company, Akzonobel N V, Mapei Corporation, Pidilite Industry Ltd, Rpm International Inc, DuPont de Nemours, Inc., Arkema S.A. (Bostik Inc.), Conmix Ltd, Cementaid International Group, Cico Technology Ltd, Bechtel Corporation, China State Construction Engineering Corporation (CSCEC).

## How Concentrated Is The Repair Construction Market?

The market is fragmented, with the top 10 players accounting for 6% of total market revenue in 2024. This level of concentration reflects moderate technological and regulatory entry barriers, driven by stringent safety standards, compliance with building codes and regulations, precision in repair and restoration work, and the need for reliability in residential, commercial, and industrial construction environments. Leading players such as VINCI SA, HOCHTIEF AG, Bouygues S A, Larsen & Toubro Ltd (L&T), Sika Ag, Skanska AB, Turner Construction Company, Strabag Se, Balfour Beatty plc, Jacobs Engineering Group Inc. hold notable market shares through diversified construction and repair service portfolios, established industrial and commercial partnerships, global operational networks, and continuous innovation in building restoration, maintenance, and infrastructure development technologies. As demand for sustainable construction solutions, efficient project execution, and compliance with safety and quality standards grows, strategic collaborations, product innovation, and regional expansion are expected to strengthen the competitive positioning of these leading companies in the market.

### • Leading companies include:

- o VINCI SA (3%)
- o HOCHTIEF AG (1%)
- o Bouygues S A (0.5%)
- o Larsen & Toubro Ltd (L&T) (0.2%)
- o Sika Ag (0.2%)
- o Skanska AB (0.2%)
- o Turner Construction Company (0.2%)
- o Strabag Se (0.2%)
- o Balfour Beatty plc (0.2%)
- o Jacobs Engineering Group Inc. (0.2%)

## Who Are The Key Raw Material Suppliers In The Repair Construction Market?

• Major raw materials suppliers in the repair construction market include Saint-Gobain S.A., CRH plc, Holcim Ltd., Heidelberg Materials AG, CEMEX S.A.B. de C.V., Buzzi Unicem S.p.A., Vicat Group,

Taiheiyo Cement Corporation, UltraTech Cement Limited, Sika AG, BASF SE, RPM International Inc., Knauf Group, Etex Group, Armstrong World Industries, Inc., Owens Corning, W. R. Grace & Co., China National Building Material Co., Ltd., Laticrete International, Inc., Mapei S.p.A., Fosroc International Ltd., Ardex Group, GCP Applied Technologies Inc., MBCC Group, Dow Inc.

Who Are The Major Wholesalers And Distributors In The Repair Construction Market?

- Major wholesalers or distributors in the repair construction market include WESCO International, Inc., Fastenal Company, Grainger plc, Rexel S.A., Sonepar Group, City Electrical Factors Ltd., HD Supply Holdings, Inc., White Cap Construction Supply, Ferguson Enterprises, Inc., Beacon Roofing Supply, Inc., Builders FirstSource, Inc., CEF Distribution Ltd., Onninen Oy, EECOL Electric Corp., Nedco Electrical Wholesalers, Ideal Electrical Suppliers (Pty) Ltd., Westburne Electrical Supply Inc., Codale Electric Supply, Inc., Border States Electric Supply Company, Bunnings Group Limited, Travis Perkins plc, Grafton Group plc, Wolseley Group, ABC Supply Co., Inc.

Who Are The Major End Users Of The Repair Construction Market?

- Major end users in the repair construction market include Bechtel Corporation, Fluor Corporation, Turner Construction Company, Jacobs Engineering Group Inc., Kiewit Corporation, Skanska AB, Vinci SA, PCL Construction Enterprises Inc., Balfour Beatty plc, China State Construction Engineering Corporation, Lendlease Group, Bouygues Construction, Hochtief AG, Kajima Corporation, Shimizu Corporation, Obayashi Corporation, Laing O'Rourke, McCarthy Building Companies, Inc., Clark Construction Group, Gilbane Building Company, Structure Tone, Inc., AECOM, Suffolk Construction Company, Mortenson Construction, DPR Construction, Turner & Townsend Group.

What Are the Major Competitive Trends In The Market?

- Advancing Silylated Polymer-Based Adhesives is transforming the repair construction market by enhancing bonding performance, durability, and flexibility in flooring applications.
- Example: In July 2023, Mapei Corporation launched Ultrabond ECO MS1, a silylated polymer-based adhesive for textile and resilient floor coverings.
- Its high peel and shear strength, dimensional stability, and moisture resistance enhance operational efficiency, reduce maintenance, and improve overall flooring performance in demanding environments.

Which Strategies Are Companies Adopting To Stay Ahead?

- Low-Permeability, Freeze-Thaw Resistant Mortars Are Improving Durability And Performance In Repair Construction
- AI-Powered Project Management Tools Are Enhancing Planning, Automation, And Operational Efficiency
- Auto-Populated Timecard Systems Are Strengthening Labor Tracking And Workforce Management
- Compact Automated Drywall Machines Are Increasing Precision And Efficiency In Restoration And Retrofit Projects
