

Manzil Expands U.S. Footprint with Launch of Shariah-Compliant Trading Platform & International KYC Integration

Manzil Debuts Shariah-Compliant Trading Platform

NY, UNITED STATES, July 14, 2026 /EINPresswire.com/ -- [Manzil Invest USA](#) ("Manzil"), a leader in Shariah-compliant financial solutions, is pleased to announce the official launch of a mobile trading platform designed for global markets. The platform provides Muslim investors with a seamless, end-to-end platform to trade U.S. equities and ETFs in strict accordance with Islamic principles.

To ensure the highest standards of ethical and religious compliance, Manzil has integrated Zoya, the industry-standard Shariah screening service, directly into the platform. This partnership allows users to access real-time Shariah compliance reports and monitor their portfolios for ongoing adherence to AAOIFI standards at no additional cost.

The brokerage infrastructure, including trade execution and custody services, is powered by Alpaca, a global leader in API-first brokerage platforms. Through this collaboration, Manzil users benefit from fractional shares, with custody provided by a FINRA-member broker-dealer and SIPC coverage on custodied securities, subject to SIPC's coverage limits and terms.

The [Manzil trading platform](#) is available for download today on the Apple App Store and Google Play Store. The platform is currently available to users in the U.S., the UK, Bahrain, Qatar, Saudi Arabia, and the UAE. Manzil is actively working to expand access to additional countries over the coming months.

"Our mission has always been to provide the Muslim community with financial tools that align with their faith," said Dr. Mohamad Sawwaf, Founder and CEO of Manzil. "By combining Alpaca's brokerage infrastructure with Zoya's Shariah screening capabilities, we've built a platform designed to make halal investing more accessible — empowering our users to grow their wealth in a way that reflects their values."
