

# Jeskell Systems Named To The Prestigious CRN Tech Elite 250 For 2026

*Jeskell is recognized for advanced expertise in delivering secure, high-performance data infrastructure solutions for complex IT environments.*

LAUREL, MD, UNITED STATES, March 17, 2026 /EINPresswire.com/ -- Jeskell Systems, a trusted partner delivering scalable data lifecycle management, secure governance, and high-performance storage solutions, today announced that CRN, a brand of The Channel Company, has recognized Jeskell Systems on its [2026 Tech Elite 250](#) list.

Jeskell Systems is proud to be recognized on CRN's 2026 Tech Elite 250, highlighting our commitment to technical excellence and secure, high-performance data solutions.

“

Being recognized on CRN's Tech Elite 250 reflects our commitment to delivering secure, high-performance data solutions for complex IT environments.”

*Kelly Nuckolls, Chief Marketing Officer*

This annual list highlights solution providers based in the U.S. and Canada that are committed to excellence and distinguish themselves by attaining top-tier certifications and specializations from leading technology vendors in areas such as artificial intelligence, infrastructure, cloud and security.

To support customers through the growing complexities of IT and the rise of cutting-edge technologies like AI, the solution providers on this list uphold rigorous levels of training and certification from strategic IT vendors, often

aiming for the pinnacle tiers within these vendors' partner programs. Whether they are strategic service providers, systems integrators, managed service providers or value-added resellers, these elite solution providers are committed to their customers' success.

Jeskell Systems earned this recognition through its deep technical expertise and continued investment in advanced certifications across leading technology platforms, including IBM and HPE. With more than 35 years of experience, Jeskell specializes in designing and implementing high-performance, secure data infrastructures that support AI-driven workloads, high-performance computing environments, and mission-critical data resilience strategies. The

company's ability to align scalable storage, cyber resilience, and data governance into a cohesive lifecycle strategy enables organizations to reduce risk, optimize performance, and maintain data integrity across increasingly complex IT environments.

Jeskell excels in turning IT investments into long-term savings by reducing complexity, providing agility, and ensuring mission-focused adaptability.

"At Jeskell, our focus is on helping organizations bring control and clarity to rapidly growing data environments," said Kelly Nuckolls, Chief Marketing

Officer at Jeskell Systems. "Being recognized on CRN's Tech Elite 250 reflects our team's commitment to technical excellence and our ability to deliver secure, high-performance solutions that support our clients' most critical initiatives."

"Congratulations to the solution providers named to CRN's Tech Elite 250 on this well-earned recognition of their commitment to advanced certifications and deep expertise in these critical technologies," said Jennifer Follett, VP, U.S. Content, Executive Editor, CRN at The Channel Company. "These organizations continue to invest in expanding their capabilities so they can deliver exceptional IT solutions that help their customers succeed."

Coverage of the 2026 Tech Elite 250 will be featured online at [crn.com/techelite250](http://crn.com/techelite250) beginning March 16.
