

# Roberts & Ryan Expands its Internship Program Through its Partnership with DoW SkillBridge

NEW YORK, NY, UNITED STATES, March 19, 2026 /EINPresswire.com/ -- Roberts & Ryan has welcomed two military interns hired through the SkillBridge program, demonstrating the company's continued role in supporting service members as they transition into civilian careers.

The DoW SkillBridge program is an opportunity for service members to gain valuable civilian work experience through specific industry training, apprenticeships, or internships during the last 180 days of service. DoW SkillBridge connects transitioning service members with industry partners in real-world job experiences.

For service members, DoW SkillBridge provides an invaluable chance to work and learn in civilian career areas. For industry partners, DoW SkillBridge is an opportunity to access and leverage the world's most highly trained and motivated workforce. Service members participating in DoW SkillBridge programs continue receiving their military compensation and benefits, while industry partners provide the civilian training and work experience.

"At Roberts & Ryan, we believe that supporting future generations of financial professionals is critical to the long-term success of our industry. Our partnership with DoW SkillBridge will give us greater access to the veteran community - the most diverse, motivated, and hard-working workforce in the country - and provide them with the opportunity to gain valuable experience, make important connections, and build a talent stack for a successful career in finance," said Edward D'Alessandro, Chief Executive Officer of Roberts & Ryan.
