

ForaCare Joins athenahealth's Marketplace Program to Expand RPM, CCM, and RTM Access to Healthcare Providers

ForaCare's integration with athenahealth's Marketplace streamlines provider access to scalable RPM, CCM, and RTM solutions.

MOORPARK, CA, UNITED STATES, March 20, 2026 /EINPresswire.com/ --
ForaCare Joins athenahealth's Marketplace Program to Expand Remote Patient Monitoring, Chronic Care Management, and Remote Therapeutic Monitoring Access to Healthcare Providers

ForaCare Inc., a provider of advanced health monitoring technology and its 24/7 HealthView telehealth platform supporting Remote Patient Monitoring (RPM), Chronic Care Management (CCM), and Remote Therapeutic Monitoring (RTM), today announced an agreement with athenahealth, Inc. through the company's award-winning [athenahealth® Marketplace](#) program.

“

ForaCare is proud to integrate with athenahealth, bringing a comprehensive chronic care solution to the athenaOne ecosystem.”

Sophia Wu, CEO of ForaCare

Now available to athenahealth's growing network of healthcare providers, the integrated solution delivers reliable, connected devices designed to support patients managing chronic conditions such as diabetes,

hypertension, cardiovascular disease, and COPD. The athenahealth Marketplace empowers athenahealth customers to easily discover and implement solutions that meet their unique needs, fostering a more efficient and patient-centered approach to care.

ForaCare's solutions reflect a strong commitment to clinical excellence and operational reliability:

- Chronic Disease Focus: Specialized RPM, CCM, and RTM programs for patients living with

chronic conditions.

- Product Innovation: R&D driven by clinical evidence, user experience, and emerging digital technologies.
- Regulatory & Quality Standards: FDA-cleared devices manufactured in ISO-certified facilities to ensure safety, reliability, and performance.
- Comprehensive Support: U.S. based customer service, training, technical support, and implementation services.

“ForaCare is proud to integrate with athenahealth, bringing a comprehensive chronic care solution to the athenaOne ecosystem,” said Sophia Wu, CEO of ForaCare. “This integration advances clinical excellence through seamless connectivity and streamlined workflows. Supported by our proprietary, in-house designed and manufactured cellular-connected devices, our fully integrated RPM, CCM, and RTM programs enable providers to implement and scale chronic care with confidence.”

As a new Marketplace partner, ForaCare joins an expansive, open ecosystem that enables integration with third-party applications, services, and systems to make innovative solutions available to more than 160,000 providers on the athenaOne network. The Marketplace allows athenaOne customers the ability to access and efficiently integrate with solutions that augment the functionality of the athenaOne platform, helping providers and administrators eliminate friction for patients while working to improve practice outcomes and financial performance.
