

MySingaporeDriver Expands Premium Private Driver Services Across Southeast Asia in Bangkok & Kuala Lumpur

Singapore-based chauffeur company establishes on-the-ground operations in Thailand and Malaysia to deliver consistent, high-quality private transportation.

SINGAPORE, SINGAPORE, March 24, 2026 /EINPresswire.com/ --

MySingaporeDriver.com, one of Singapore's fastest-growing premium private driver and chauffeur

companies, has expanded its operations into Bangkok, Thailand and Kuala Lumpur, Malaysia, reinforcing its commitment to serving travellers across Southeast Asia with reliable, professionally managed ground transportation.

“

Our guests trust us because we deliver the same consistent, high-quality experience whether they are landing at Changi, Suvarnabhumi, or KLIA”

Maverick Lim, Founder and Managing Director of MySingaporeDriver

Founded in early 2023 as a [private driver service in Singapore](#) for travellers and corporate clients, MySingaporeDriver has grown rapidly into a regional brand trusted by executives, frequent travellers, and families for airport transfers, cruise transfers, corporate transportation, event logistics, and personal chauffeur services. The company first expanded its services to Bangkok in mid-2025, followed by operations in Kuala Lumpur in early 2026.

Unlike ride-hailing aggregators that prioritise rapid scaling across dozens of markets, MySingaporeDriver takes a measured, operations-first approach to regional expansion. The company establishes local teams, vets and trains drivers to its service standards, and builds real operational capabilities in each city before opening for bookings.

"We are not an aggregator chasing scale. We move deliberately into each new market and build real operations on the ground," said Maverick Lim, Founder and Managing Director of

MySingaporeDriver. "Our guests trust us because we deliver the same consistent, high-quality experience whether they are landing at Changi, Suvarnabhumi, or KLIA. That trust is something we earn one ride at a time, and we are not willing to compromise it for the sake of speed."

The expansion comes as demand for reliable private transportation across Southeast Asia's key business and tourism corridors continues to grow. Many corporate travellers and families who book MySingaporeDriver for Singapore airport transfers or corporate events now require the same level of service when travelling to Bangkok or Kuala Lumpur for business meetings, conferences, or holidays.

MySingaporeDriver's service portfolio across all three markets includes airport transfers, cruise terminal transfers, point-to-point transfers, corporate meeting and event transportation, [hourly car charter service](#), and city tours, delivering the same [chauffeur service Singapore](#) is known for to travellers across the region. Each market is supported by a professionally managed fleet and locally based drivers who are vetted, insured, and trained to meet the company's service standards.

"When a client books with us in Singapore and then needs a driver in Bangkok the following week, they should not have to worry about whether the experience will be different," Lim added. "That seamless, cross-border consistency is what sets us apart and what our clients tell us they value most."
