

# EM6000Auto to Debut at MATS 2026 as Advanced Trailer Security System Designed to Prevent Cargo Theft

*Trinetra Guard to unveil EM6000Auto, a new trailer-mounted system developed in cooperation with JB Hunt, introducing a prevention-first approach to cargo theft.*

LOUISVILLE, KY, KY, UNITED STATES, March 23, 2026 /EINPresswire.com/ -- Trinetra Guard announced today that it will debut EM6000Auto, an advanced trailer security system, at the Mid-America Trucking Show (MATS 2026). The system is designed to prevent unauthorized trailer movement, addressing one of the fastest-growing challenges in the trucking industry: cargo theft.

## □ A NEW APPROACH TO TRAILER SECURITY

Cargo theft continues to rise across North America, with most solutions focused on:

Preventing trailer movement before theft occurs may redefine cargo security across the trucking industry”

*Ratan Baid, CEO, Trinetra Guard*

- GPS tracking
- telematics alerts
- post-theft recovery

However, these systems operate after the theft has already occurred.

EM6000Auto introduces a prevention-first model.

If an unauthorized tractor attempts to move the trailer, the trailer does not move.

## □□ KEY CAPABILITIES

EM6000Auto is designed to:

- Prevent unauthorized trailer movement
- Detect unauthorized tractor hook-ups
- Automate landing gear operation
- Provide GPS visibility and alerts

Developed in cooperation with JB Hunt, the system combines physical security with automation.

---

□ MATS PRESENTATION

Trinetra Guard will present EM6000Auto at:

- Friday, March 27, 2026
- 10:10 AM
- Pro Talks Stage, East Hall
