New Senior Helpers Location opened in Redlands. Offering services that reduce hospitalization and support seniors aging in place.

REDLANDS, CA, UNITED STATES, March 25, 2026 /EINPresswire.com/ -- [Senior Helpers](#), the nation's premier provider of [in-home senior care](#) services, is proud to announce the opening of its newest location in Redlands.

The location, owned and operated by Tim and Stephanie Muckey, officially began serving the community on March 9, 2026. Stephanie spent over 25 years leading programs for Fortune 50 organizations focused on population health, military family support, and community-based healthcare, with an emphasis on serving seniors, Veterans, and underserved populations. Supported by Tim's 22-year career as a Master Sergeant in the U.S. Marine Corps, the couple combines operational expertise, leadership, and a commitment to service in their approach to care. Through Senior Helpers of Redlands, they will provide a wide range of services to help people age comfortably and safely in their homes—from assistance with daily activities to specialized care for chronic conditions.

"Care should fit the life being lived, which is why we don't have minimums, and why we want families to reach out early, before things feel urgent, so that we can work

alongside them to determine the best path forward.” – Tim Muckey

Senior Helpers is known nationwide for its dependable, consistent, and affordable non-medical senior care services. The company’s highly trained and rigorously screened caregivers are dedicated to providing compassionate care while preserving the dignity and independence of their clients. Senior Helpers is also nationally recognized as a top workplace for caregivers.

As a proud Marine Corps family, the Muckeys’ lives have been shaped by resilience, caregiving, and community through multiple relocations while raising two daughters. Their personal experiences navigating complex healthcare systems, including Tim’s journey

as a disabled Veteran and their daughter’s rare neurological condition diagnosis, deepened their passion for dependable care. Opening Senior Helpers reflects their shared mission to serve seniors with empathy and the same level of support they value for their own loved ones.

“Loneliness and social isolation take a real toll on seniors and Veterans, and one consistent, compassionate presence can change everything. Our caregivers don’t just assist, they connect, they listen, and they become part of the family.” – Stephanie Muckey
