

CCS Named To The Prestigious CRN Tech Elite 250 For 2026

HAUPPAUGE, NY, UNITED STATES, March 26, 2026 /EINPresswire.com/ -- [CCS](#) a premier technology services provider, today announced that CRN, a brand of the Channel Company has recognized CCS on its 2026 Tech Elite 250 list.

This annual list highlights solution providers based in the U.S. and Canada that are committed to excellence and distinguish themselves by attaining top-tier certifications and specializations from leading technology vendors in areas such as artificial intelligence, infrastructure, cloud and security.

To support customers through the growing complexities of IT and the rise of cutting-edge technologies like AI, the solution providers on this list uphold rigorous levels of training and certification from strategic IT vendors, often aiming for the pinnacle tiers within these vendors' partner programs. Whether they are strategic service providers, systems integrators, managed service providers or value-added resellers, these elite solution providers are committed to their customers' success.

CCS was selected for the 2026 Tech Elite 250 in recognition of its continued investment in advanced certifications and deep technical expertise across a broad portfolio of leading technology partners. The company has achieved top-tier partner statuses with key vendors in cloud, cybersecurity, AI, and infrastructure, demonstrating its ability to design, implement, and manage complex, enterprise-scale solutions. CCS's commitment to ongoing training, innovation, and customer-centric service delivery has enabled organizations to modernize their IT environments, strengthen security postures, and leverage emerging technologies to drive measurable business outcomes.

"We are honored to be recognized by CRN as part of the 2026 Tech Elite 250," said Jay Whitchurch CEO of CCS. "This distinction reflects the dedication of our team to continuously deepen our expertise and stay ahead of the evolving technology landscape. Our focus has always been on delivering meaningful outcomes for our clients—whether through cloud transformation, cybersecurity resilience, or AI-driven innovation—and this recognition reinforces our commitment to helping organizations navigate complexity and achieve long-term success."
