*Award-winning social change book now in audiobook format on Audible and iTunes*

PALM SPRINGS, CA, UNITED STATES, March 26, 2026 /EINPresswire.com/ -- Steven Howard's award-winning social change book [HUMONY MINDSET: Change the World by Changing Your Mindset](#) is now available as an audiobook on Audible and iTunes.

[HUMONY MINDSET](#) was named the best Social and Political Change book by Firebird Awards and earned a Reader's Favorite five-star review. It also garnered a Firebird Award for Best Cover Design.

Humony Mindset identifies practical ways for individuals to reduce the current divisiveness in society and workplaces by intentionally approaching all interactions with others from a place of peacefulness, compassion, kindness, and respect. And by accepting all others for who they truly are.

Humony is a word created by Steven Howard comprising Human, Humanity, and Harmony to reflect the need to build and live lives of connection, wellbeing, and harmony.

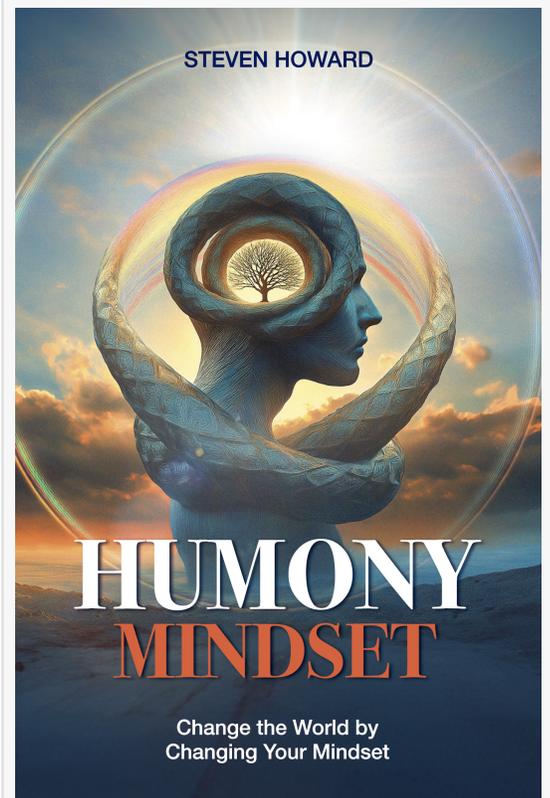

“None of us can solve world hunger or the Middle East peace crisis,” notes author Howard. “But we can each ensure our neighborhoods, workplaces, and communities can become less divisive, more peaceful, and, most important, better places for our children and grandchildren to inherit.”

“

Each of us has the agency to create a better world for our children and grandchildren to inherit. The willingness to use this agency is tied to our respective mindsets.”

The audiobook is narrated by Robert Plank, an industry-leading voice artist. “I’m very pleased with the narration of Humony Mindset,” says Howard. “This is the third book of mine he has narrated and produced as an audiobook, and all three results have been outstanding.”

Each of us has the agency to create a better world for our children and grandchildren to inherit. The willingness to use this agency is tied to our respective mindsets.”
