Accounts Payable Software Market Report
2026 – Market Size, Trends, And Global
Forecast 2026-2035*

LONDON, GREATER LONDON, UNITED KINGDOM, March 30, 2026

/EINPresswire.com/ -- "The [accounts payable software market](#) is dominated

by a mix of global enterprise software providers and specialized financial automation solution firms. Companies are focusing on advanced automation

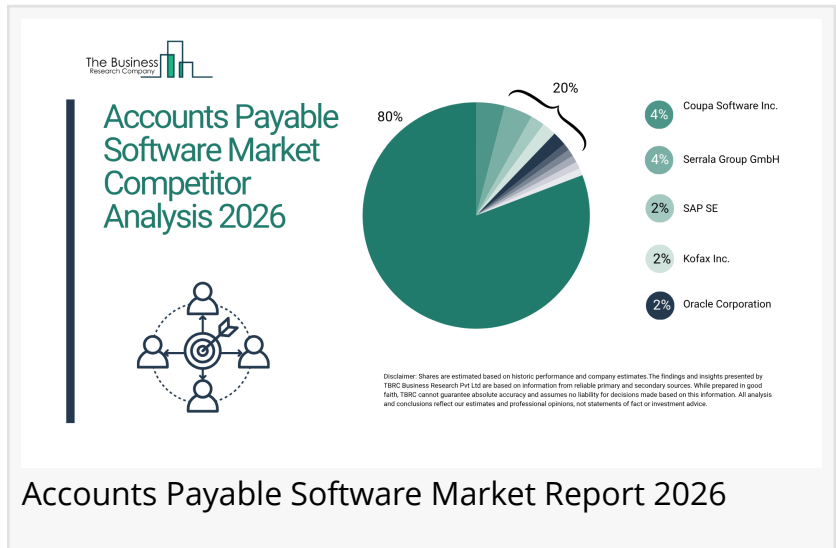

technologies, AI-driven invoice processing, seamless ERP integration capabilities, real-time payment tracking, and enhanced data analytics to strengthen market presence and meet evolving financial management requirements. Emphasis on reducing manual processing errors, improving payment cycle efficiency, ensuring regulatory compliance, and enhancing financial transparency remains central to competitive positioning. Understanding the competitive landscape is essential for stakeholders seeking operational efficiency, digital transformation, and strategic partnerships within the rapidly evolving financial management and enterprise automation ecosystem.

Which Market Player Is Leading The Accounts Payable Software Market?

- According to our research, Coupa Software Inc. led global sales in 2024 with a 4% market share. The company's business spend management division, which is directly involved in the accounts payable software market, provides a comprehensive suite of invoice automation, supplier management, payment processing, and spend visibility solutions that support financial workflow automation, compliance management, cost control, and real-time financial insights across global enterprise operations.

Who Are The Major Players In The Accounts Payable Software Market?

Major companies operating in the accounts payable software market are Coupa Software Inc., Serrala Group GmbH, SAP SE, Kofax Inc., Oracle Corporation, Microsoft Corporation, AvidXchange Holdings, Inc., Airbase Inc., Tipalti Inc., Zoho Corporation Pvt. Ltd., Basware

Corporation, Esker SA, Sage Group Plc, Stamplicy Inc., MineralTree Inc., Pagero Group AB, Tradeshift Inc., Epicor Software Corp., Xero Ltd., Nvoicepay Inc., Intuit Inc., Nipendo, Brightpearl Ltd., FinancialForce Pty Ltd., Lightyear AI Inc., Norming Software International Ltd., FreshBooks Software Inc., Acumatica Inc., Acclivity Group LLC.

How Concentrated Is The Accounts Payable Software Market?

- The market is moderately fragmented, with the top 10 players accounting for 20% of total market revenue in 2024. This market structure reflects moderate technological and integration entry barriers, driven by increasing demand for financial process automation, seamless ERP integration requirements, evolving regulatory compliance standards, and the need for secure and scalable cloud-based financial management platforms. Leading players such as Coupa Software Inc., Serrala Group GmbH, SAP SE, Kofax Inc., Oracle Corporation, Microsoft Corporation, AvidXchange Holdings, Inc., Airbase Inc., Tipalti Inc., and Zoho Corporation Pvt. Ltd. hold notable market shares through comprehensive accounts payable automation platforms, strong enterprise customer bases, global cloud infrastructure capabilities, and continuous innovation in AI-driven invoice processing, payment automation, and financial workflow digitization. As demand for automated invoice management, real-time financial visibility, enhanced fraud prevention, and scalable cloud-based financial operations increases, product innovation, strategic partnerships, and platform integration capabilities are expected to strengthen the competitive positioning of these leading companies in the market.

- Leading companies include:

- o Coupa Software Inc. (4%)
- o Serrala Group GmbH (4%)
- o SAP SE (2%)
- o Kofax Inc. (2%)
- o Oracle Corporation (2%)
- o Microsoft Corporation (1%)
- o AvidXchange Holdings, Inc. (1%)
- o Airbase Inc. (1%)
- o Tipalti Inc. (1%)
- o Zoho Corporation Pvt. Ltd. (1%)
