

SaaS Adoption Accelerating Change in Cloud ERP Market Forecast 2026–2035

The Business Research Company's Cloud ERP Global Market Report 2026 – Market Size, Trends, And Forecast 2026-2035

LONDON, GREATER LONDON, UNITED KINGDOM, March 30, 2026

[/EINPresswire.com/](https://www.einpresswire.com/) -- [The cloud ERP market](#) is dominated by a mix of global enterprise software providers, cloud-native technology companies, and specialized ERP solution vendors. Companies are focusing on scalable SaaS-based platforms, AI-driven analytics, industry-specific ERP modules, and seamless integration

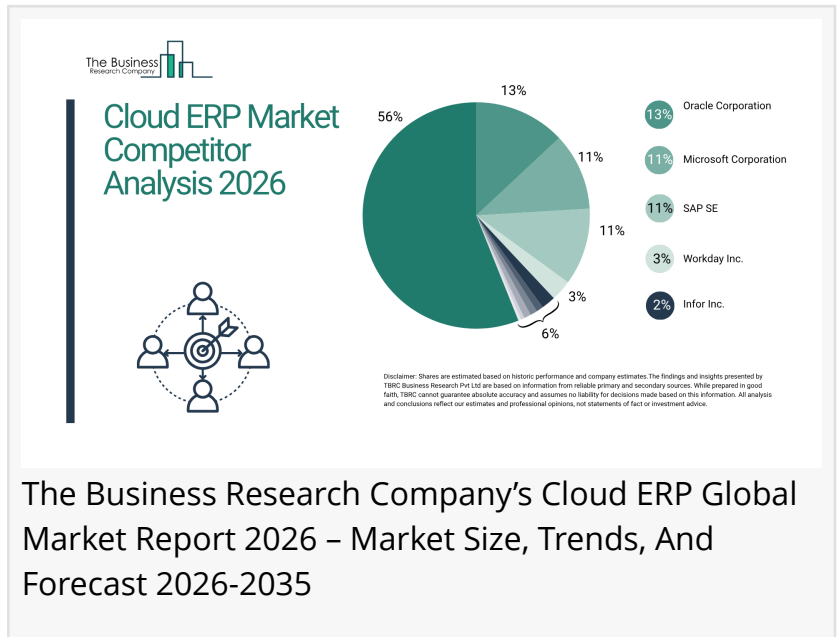

with enterprise applications to strengthen market presence and enhance operational efficiency. Emphasis on automation, real-time data visibility, cybersecurity, flexible deployment models, and continuous product innovation remains central to competitive positioning. Understanding the competitive landscape is essential for stakeholders seeking digital transformation opportunities, operational agility, technological advancement, and strategic partnerships within the rapidly evolving cloud-based enterprise management ecosystem.

Which Market Player Is Leading The Cloud ERP Market?

- According to our research, Oracle Corporation led global sales in 2024 with a 13% market share. The cloud ERP division of the company, which is directly involved in the cloud ERP market, delivers a comprehensive suite of enterprise resource planning solutions supported by scalable cloud infrastructure, integrated financial and operational management applications, AI-driven automation capabilities, and advanced data analytics that enable organizations to streamline business processes, enhance real-time decision-making, and improve enterprise-wide operational efficiency.

Who Are The Major Players In The Cloud ERP Market?

Major companies operating in the cloud ERP market are Oracle Corporation, Microsoft Corporation, SAP SE, Workday Inc., Infor Inc., Epicor Software Corporation, IFS AB, Unit4 N.V.,

The Business Research Company's Cloud ERP Global Market Report 2026 – Market Size, Trends, And Forecast 2026-2035

QAD Inc., Deltek Inc., Odoo S.A., Sage Intacct Inc., Acumatica Inc., Tyler Technologies Inc., SYSPRO (Pty) Ltd., Dassault Systèmes (IQMS), Rockwell Automation Inc. (Plex Systems Inc.), Ramco Systems Limited, International Business Machines Corporation, Tally Solutions Private Limited, MIE Solutions Inc., VIENNA Advantage, Global Shop Solutions, Genius Solutions Inc., Rootstock Software ERP.

[How Concentrated Is The Cloud ERP Market?](#)

• The market is concentrated, with the top 10 players accounting for 44% of total market revenue in 2024. This level of concentration reflects relatively high technological and operational entry barriers, driven by the need for advanced cloud infrastructure, strong enterprise client networks, continuous product innovation, integration capabilities with existing enterprise systems, and the ability to deliver scalable, secure, and industry-specific ERP solutions while maintaining high reliability and regulatory compliance standards. Leading players such as Oracle Corporation, Microsoft Corporation, SAP SE, Workday Inc., Infor Inc., Epicor Software Corporation, IFS AB, Unit4 N.V., QAD Inc., and Deltek Inc. hold notable market shares through scalable cloud-based ERP platforms, strong enterprise client bases, continuous product innovation, AI-driven automation, advanced analytics capabilities, and extensive global partner ecosystems. As demand for integrated enterprise management solutions and cloud-enabled digital transformation grows, strategic partnerships, platform enhancements, and expansion of industry-specific ERP capabilities are expected to strengthen the competitive positioning of these companies.

• Leading companies include:

- o Oracle Corporation (13%)
- o Microsoft Corporation (11%)
- o SAP SE (11%)
- o Workday Inc. (3%)
- o Infor Inc. (2%)
- o Epicor Software Corporation (1%)
- o IFS AB (1%)
- o Unit4 N.V. (1%)
- o QAD Inc. (0.5%)
- o Deltek Inc. (0.4%)
