

Pre-Orders Open March 31 for Big Chap Xenomorph Regular Ver. Statue from 'Alien.'

Prime 1 Studio announced Big Chap Xenomorph Regular Ver. Statue from "Alien." Pre-orders began March 31, 2026 (JST), with release set for November 2027.

ASAKUSA, TAITO-KU, TOKYO, JAPAN, April 1, 2026 /EINPresswire.com/ -- From the film "Alien," the Big Chap Xenomorph Regular Ver. joins Prime 1 Studio's Museum Masterline XL lineup.

The 1/3 scale statue stands 100 cm tall. It features a Wide Shot Head also known as the "Giger Head," a symmetrically constructed body, and a long, sharp tail with a whip-like silhouette. The pose is designed with reference to the tall build and physical performance of Bolaji Badejo, who portrayed the creature.

The special base is inspired by the interior of the Nostromo, with piping and mesh plate details. The Interior Wall with LED Illumination is removable, allowing the statue to be displayed with or without the wall.

The Bonus Version includes Jones, the ship's cat, together with a carry case that can be opened and closed.
