

Hatcher+ FundBuilder Expands to Support Mauritius Fund Structures

Digitally enables Mauritius VCC framework through the Hatcher+ FFAST® FundBuilder and Marketplace

SINGAPORE, April 9, 2026 /EINPresswire.com/ -- [Hatcher+](#), a global leader in AI-driven fund management technology, today announced the expansion of its [FAAST](#)® (Funds-as-a-Service Technology) FundBuilder engine to support Mauritius-based Variable Capital Company (VCC) fund structures. The rollout allows fund managers and administrators to create fully compliant Mauritius funds in days rather than months, automating legal, regulatory, and administrative workflows through the FFAST platform.

The new capability includes support for the following structures:

- Mauritius Variable Capital Company Subfund
- Mauritius Variable Capital Umbrella Fund Company

These structures are digitally enabled for rapid onboarding, documentation, and integration with licensed service providers in Mauritius. Through FFAST FundBuilder, fund managers can streamline setup and compliance processes while connecting with trusted legal, corporate, and fund administration partners recognized by the Financial Services Commission (FSC).

“Mauritius continues to play a strategic role as a fund domicile for Africa and emerging markets,” said Javier Llamas, Chief Commercial Officer of Hatcher+.. “By incorporating the Mauritius VCC framework into FFAST FundBuilder, we’re enabling faster, compliant, and technology-driven fund launches that meet the region’s growing cross-border investment demand.”

The Mauritius expansion complements FundBuilder’s global coverage across Luxembourg, Singapore, the Cayman Islands, Ireland, the United Arab Emirates, Australia, and Hong Kong. Through the Hatcher+ FFAST marketplace, fund professionals can access an integrated ecosystem of digital tools and regulated partners to launch and manage funds end-to-end.

For more information on FundBuilder and the Mauritius VCC structures now available, visit [fundbuilder.hatcher.com](#) or contact fundbuilder@hatcher.com.
