As Brunei's organisations accelerate AI adoption and work toward the goals of Wawasan Brunei 2035, the need to build future-ready workforces has never been more urgent. This collaboration addresses that challenge head-on — helping businesses identify capability gaps, act on data-driven talent insights, and translate skills investments into measurable business outcomes. Epitome Global provides the intelligence layer; B.S. Syscom provides the trusted local presence to put it to work.

“

Our partnership with B.S. Syscom brings Epitome's whole-person intelligence platform to Brunei, backed by a partner with exceptional enterprise reach and genuine local trust.”
Kevin Chan, CEO at Epitome Global

Kevin Chan, CEO of Epitome Global, said: "Southeast Asia is home to some of the most dynamic workforce transformation happening anywhere in the world. Our partnership with B.S. Syscom brings Epitome's whole-

person intelligence platform to Brunei, backed by a partner with exceptional enterprise reach and genuine local trust. Together, we can help organisations make smarter talent decisions which are grounded in data, not guesswork."

Sylvester Yong, CEO of B.S. Syscom Technologies, said: "We are proud to partner with Epitome Global to deepen the value we deliver to our enterprise clients. By combining our long-standing implementation expertise with Epitome's advanced workforce intelligence capabilities, we are well-positioned to help Brunei's organisations build the dynamic, future-ready workforces that Wawasan Brunei 2035 demands."

Under the partnership, B.S. Syscom Technologies will serve as Epitome Global's primary implementation and delivery partner for corporate clients in Brunei, supporting organisations across government, financial services, energy, and higher education as they modernise their workforce strategies.
