The approval follows a membership vote and reflects strong support for a vision shaped by extensive member feedback, surveys, club benchmarking, and strategic planning. The enhancements are designed to address key priorities, including expanded dining, enhanced social spaces, modern lifestyle and wellness amenities, and the addition of a comfort station.

The Cove Lifestyle + Wellness Center

The program includes the development of The Cove, a new standalone Lifestyle & Wellness Center, with construction expected to begin in Fall 2026 and be completed in Fall 2027.

- Expanded card rooms accommodating up to 100 members
- Renovated locker rooms and an enlarged golf shop
- A new grab-and-go café and marketplace, along with an upgraded Spoonbills dining experience offering a refreshed snack bar concept with quick bites and casual dining

### Comfort Station

The program also includes the addition of a new comfort station, positioned adjacent to the newly renovated practice facility and croquet lawn to improve convenience and overall member experience. The comfort station will feature restrooms, beverage stations, and a dedicated food and beverage service area offering light fare.

### Phased Implementation

The improvements will be completed in two phases:

- Phase I (Fall 2026 – Fall 2027): The Cove Lifestyle + Wellness Center

Throughout construction, members will continue to enjoy access to key amenities, including the Beach Club, temporary dining options, and reciprocal club arrangements.
