

Sofema Online Introduces New Airport & Aerodrome Operations Learning Path Diploma

Sofema Online Introduces New Airport & Aerodrome Operations Learning Path Diploma

SOFIA, BULGARIA, April 2, 2026 /EINPresswire.com/ -- [Sofema Online \(SOL\)](#) has officially expanded its professional development catalog with the launch of the [Airport & Aerodrome Operations Learning Path Diploma](#).

This new academic track is designed to provide aviation professionals with a comprehensive understanding of the aerodrome ecosystem, focusing on safety, security, and operational efficiency.

Airport & Aerodrome Operations Learning Path Diploma

The diploma curriculum comprises 13 specialized courses intended to align participants with European Union Aviation Safety Agency (EASA) standards. The program addresses critical areas of ground operations, including ramp safety, bird and Foreign Object Debris (FOD) management, aircraft de-icing, and dangerous goods screening.

Curriculum and Regulatory Focus

The syllabus is structured to cover both technical and regulatory requirements. Key modules include:

Regulatory Compliance: EASA Commission Regulation EU 139/2014 and Aerodrome Aviation Compliance Management.

Safety and Operations: Airside safety training, aircraft apron and ramp safety, and human factors.

Emergency and Security: Fire safety training, cybersecurity essentials, and non-security aviation staff security introductions.

Specialized Management: Bird management, FOD awareness, and de-icing/anti-icing responsibilities.

Leadership: Core regulatory obligations for Accountable Managers and Post Holders.

Program Structure and Certification

Designed for flexibility, the online program allows students up to 15 months to complete the 13 required courses and associated examinations. Upon successful completion, participants are issued a digital diploma. According to Sofema Online, the structured learning path is intended to help professionals demonstrate a high level of competency across multiple business units within the aviation sector.

[Enrollment Information](#)

The full diploma package is currently available for €1115.00. In coordination with the program's launch, a 10% discount is being offered through May 31, 2026, for applicants utilizing the promotional code AERODROME10.

By consolidating these courses into a single diploma path, the program offers a more cost-effective alternative to individual course enrollment while ensuring a broader understanding of the regulatory environment surrounding airport operations.
