

US Navy Veterans Mesothelioma & Lung Cancer Advocate Urges a Navy Ship-Submarine Veteran Who Had Shipyard Duty and Now Has Mesothelioma or Lung Cancer to Call for Direct Access to the USA's Top Lawyers for Compensation

WASHINGTON, DC, UNITED STATES, April 8, 2026 /EINPresswire.com/ -- The US Navy Veterans Mesothelioma & Lung Cancer is urging a navy ship or submarine veteran who spent time at a navy shipyard and who has now been diagnosed with mesothelioma or asbestos exposure lung cancer to please call them at 866-714-6466 for direct access to the nation's top lawyers when it comes to compensation results for their clients. The attorneys the advocate suggests are not middlemen law firms, they have the highest possible client satisfaction results, and they have been assisting veterans who have mesothelioma or asbestos exposure lung cancer for decades.

<https://USNavyMesothelioma.Com>

According to the US Navy Veterans Mesothelioma & Lung Cancer Advocate, "We have been assisting navy veterans with mesothelioma and asbestos exposure lung cancer for over two decades, over the years we have assisted hundreds of navy veterans with these cancers and our method is straight forward-we make certain they have the best lawyers representing them as we are always happy to discuss at 866-714-7466.

"One of the reasons we are so focused on navy veterans and shipyards is because before the early 1980s there were no prohibitions about exposure to asbestos at a shipyard or navy maintenance facility. A navy surface ship or submarine crew probably had extreme exposure to asbestos if they were working with shipyard workers on their ship or submarine.

"If your husband or dad is a navy veteran who spent time at a shipyard and he now has mesothelioma or asbestos exposure lung cancer please call us at 866-714-6466-get a top compensation result. Please do not impulse shop on the internet for a law firm-especially when much of what these law firms claim is not accurate." <https://USNavyMesothelioma.com>

“

"If your husband or dad is a navy veteran who spent time at a shipyard and he now has mesothelioma or asbestos exposure lung cancer please call us at 866-714-6466-get a top compensation result. "

Important checklist for a Navy Veteran or individual seeking compensation who has mesothelioma or asbestos exposure lung cancer:

* The Navy Veteran or individual must have been exposed to asbestos prior to 1983 in the armed forces or at their place of work.

* The mesothelioma or lung cancer diagnosis must have been recent—preferably in the last one or two years.

* The Navy Veteran's-Veteran's or individual's exposure to asbestos must have been substantial and must have involved exposure to asbestos involving more than one product. The ideal

Veteran or individual who now has mesothelioma or asbestos exposure lung cancer is one who worked as a mechanic, machinist, assisted shipyard workers at a shipyard, worked as an electrician, welder, as a construction worker, plumber or pipefitter, or a member of a repair crew-maintenance crew.

* The Navy Veteran-or individual must be able to get specific about how, where and when they were exposed to asbestos-if they hope to receive the best possible financial compensation.

The Advocate says, "We do not want to overwhelm a Navy Veteran-or individual who now has mesothelioma or asbestos exposure lung cancer with a long checklist-but to get compensated-all of these things will be necessary. Our appeal is nationwide. If the person, we have just described sounds like your husband, dad or relative-please share this article with them or their family and have them call us at 866-714-6466." <https://USNavyLungCancer.Com>
