Tampa Is Open for Business — and People Are Taking Notice

The data speaks for itself: Tampa has entered 2026 as one of the most sought-after cities in the nation for corporate headquarters, earning a top-five ranking from Site Selection Magazine alongside Houston and Kansas City. The Tampa Bay Economic Development Council closed 29 corporate relocation and expansion projects in its most recent fiscal year alone, generating more than 2,280 new jobs and over \$273 million in capital investment across Hillsborough County. Global brands including Wagamama, GEICO, Orion Edge, Amazon, and AquaFence have each chosen Tampa as their home — a testament to the city's unmatched combination of talent, infrastructure, affordability, and quality of life.

The result is a city in constant motion. New employees arriving from out of state. Executives relocating their families. Businesses upsizing, reshuffling, and establishing new operations. Each of these transitions requires a moving partner that can match Tampa's pace — and that partner

is First Class Moving Systems.
