

Shuwen Biotech Receives Exclusive Patent License from Cologne University

DEQING, CHINA, April 14, 2026 /EINPresswire.com/ -- Shuwen Biotech, a leading biotech company, and its European Subsidiary Cerca Biotech GmbH today announced that they have signed an exclusive patent license agreement with the University Hospital of Cologne ("UKK"), an affiliate of Cologne University. Under the license agreement, UKK grants Shuwen and Cerca in major markets exclusive patent right to certain theranostic biomarkers and the use of FGFR inhibitors in treating patients identified by such biomarkers.

"We are pleased to have entered into this license agreement with UKK," commented Jay Z. Zhang, Executive Chairman of Shuwen Biotech and Managing Director of Cerca Biotech. "Scientists at Cologne University have made major advances in the discovery of biomarkers predictive of cancer sensitivity to FGFR inhibitors, and in generating preliminary evidence suggesting clinical efficacies. We intend to build on such exciting discoveries and initiate development work for a therapeutic program along with a companion diagnostic test, which we hope to lead to effective personalized treatment of cancer."

About Shuwen Biotech

Shuwen Biotech is an integrated biotech company with offices in China and Germany.
