

# Clean Bees Expands Commercial Office, Carpet, and Post-Construction Cleaning

*Auckland-based Clean Bees strengthens its service footprint with expanded cleaning commercial & home cleaning at affordable price.*

AUCKLAND, NEW ZEALAND, April 14, 2026 /EINPresswire.com/ -- Clean Bees today, confirms the company's continuing growth, through the expansion of Clean Bees' service offerings [commercial office cleaning in Auckland](#) area in response to the

growing demand for better quality, more dependable and larger volume commercial cleaning service solutions from companies, property managers, and the construction industry, in every region of the Greater Auckland area from Pokeno to Silverdale, as Auckland becomes the largest metropolitan area and commercial hub in New Zealand.

“

As we expand across Auckland, our focus remains clear: delivering dependable, top-tier cleaning services to businesses and property owners.”

*Andy Singh*

Meeting Rising Demand for Professional Cleaning in Auckland

Auckland experiences a rapid population growth and commercial expansion, and the demand for specialised cleaning services continues to rise. To meet the increasing demand for cleaning, Clean Bees has expanded its capacity to provide these services, including increasing their workforce, capacity of all cleaning machines, and providing

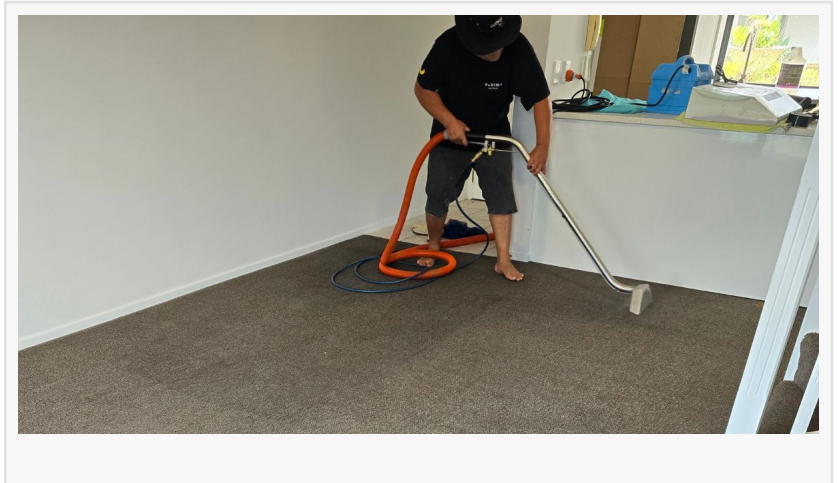

its cleaning teams with the most advanced cleaning products and tools available to enable them to support the unique cleaning requirements of commercial office buildings, retail stores and newly developed buildings.

Expanded Service Offerings

With this latest market expansion, the company will continue to enhance our core commercial cleaning service categories:

## 1. Commercial Office Cleaning auckland

Clean Bees offers a flexible and customised office cleaning solution to ensure that all businesses maintain maximum productivity and a healthy work environment. All commercial office cleaning services include:

Daily, Weekly and Scheduled Office  
Cleaning

Workstation, Common Area, and Sanitation Cleaning

Retail and Corporate Facility Maintenance

## 2. Carpet Cleaning

The company offers an extensive range of [carpet cleaning services in auckland](#) through an extensive and eco-friendly deep carpet cleaning service. The use of modern technology and eco-friendly supplies will eliminate soil, bacteria, odour and other unwanted substances from the carpet, which will also prolong the life of the carpet. Clean Bees is committed to improving the indoor air quality of your home.

## 3. Post - Construction Cleaning

Clean Bees provides full post-construction and renovation cleaning. Services include:

The removal of all dust, debris, and residue left behind during construction

Thorough cleaning and polishing of any surface and/or item that is finished and cleaned.

Once cleaned, we will do a final sweep of the area and make sure it is ready for future occupants.

Services provided by Clean Bees will provide you with a safe and clean area to receive your new home or business.

## Commitment to Quality and Sustainability

Clean Bees is always focused on providing eco-friendly cleaning services by strictly adhering to using biodegradable, non-toxic, environmentally safe cleaning products to clean and protect both the clients it services and the environment work within. Clean Bees staff are controlled and trained to provide structured and professional cleaning processes to provide clients with consistent and high-quality cleaning results, while keeping a commitment to providing great

customer service.

## Leadership Statement

A spokesperson for Clean Bees says:

"Expanding throughout Auckland reinforces our dedication to providing business and property owners with dependable, cleaning services of the highest standards. As the demand for professional office and post-construction cleaning continues to increase, we are extremely excited to be able to continue to expand our professional cleaning service while still providing the same quality of service and care that our customers have come to expect from us."

## About Clean Bees
