Meet Dr. Brandon Linatsas

Hello Billerica,

My name is Dr. Brandon Linatsas, and I am truly honored to continue the legacy of Billerica Chiropractic Office. After speaking with Dr. Kawut and Dr. Chapnick, it became clear to me how much care, trust, and connection they have built within this community over the decades. My goal is to carry that forward with the same dedication and compassion.

I am a second-generation chiropractor. My father founded Nashua Family Chiropractic in 1985, and I joined the practice in 2014 after graduating with clinical honors from Life Chiropractic College West in California. One of my greatest privileges has been caring for families who remember me as a child in the office.

I am passionate about treating patients of all ages, with a special focus on perinatal chiropractic care. From newborns to patients over 100 years old, I am grateful every day to be part of so many health journeys.

On a personal note, I am a proud husband to Jennifer, who serves as a dean at a local charter arts school, and a father to Cole and June. Outside the office, I enjoy spending time outdoors, especially near the ocean, as well as skiing, soccer, and pickleball.

I look forward to meeting each of you and becoming a part of your continued health and wellness journey.

With gratitude,

Dr. Brandon Linatsas, D.C.
