Here's how it works:

Book a Scan: Schedule an appointment at a participating [Dallas-Fort Worth scan center](#) through ALIGNERCO's website.

Get Scanned: A licensed dental professional performs a fast, accurate 3D scan.

Start Treatment: ALIGNERCO creates a personalized treatment plan and delivers custom aligners directly to the customer's doorstep.

“Combining advanced 3D scanning with at-home aligner treatment allows patients to achieve better results on their own schedule,” says Dr. Anas Athar, DDS, a dual-trained orthodontist and oral & maxillofacial radiologist with over 20 years of experience.

"This initiative allows Dallas-Fort Worth residents to access at-home orthodontic care without disrupting their busy schedules, making a straighter smile more achievable than ever," he adds.
