

Bus Service From NYC to Boston Stadium & Philadelphia Stadium For World Cup Games

TransportAzumah offers direct bus service from New York City to Boston Stadium (Gillette) and Philadelphia Stadium (Lincoln Financial) for World Cup fans.

BROOKLYN, NY, UNITED STATES, April 21, 2026 /EINPresswire.com/ -- TransportAzumah Expands "[FootyBus](#)" Service to Philadelphia and Boston for FIFA World Cup 2026 — Direct Hotel-to-Stadium Travel for International Fans

As global anticipation builds for the 2026 FIFA World Cup™,

TransportAzumah has announced expanded FootyBus services connecting major hotel hubs and New York City to stadiums in Philadelphia and Boston, offering international supporters a simple, reliable way to reach matchday action without the stress of navigating unfamiliar transport systems.

“

Amtrak is expected to sell out on all of the World Cup dates between NYC and Boston as well as NYC and Philadelphia. We strongly encourage customers to book early for these services.”

Joel Anabilah-Azumah

TransportAzumah Bus Service to 2026 FIFA World Cup

Designed with traveling football fans in mind, FootyBus services provide direct, reservation-only motorcoach transport to stadiums, ensuring a seamless matchday experience in two of the tournament’s key East Coast host cities.

A Direct Route to the World Cup Experience
FootyBus services to both Philadelphia Stadium (Lincoln Financial Field) and Boston Stadium (Gillette Stadium) are built around one core promise: no transfers, no confusion, and no uncertainty.

Passengers board in New York City—near 411 West 42

Street—and travel directly to the stadium, avoiding complex transit routes or multiple connections.

For international visitors staying in hotels across the New York metropolitan area, this offers a

familiar, structured way to attend matches in nearby host cities.

Each booking guarantees a seat, with all trips requiring advance online reservations.

Matchday Timing Built for Fans

FootyBus schedules are carefully aligned with FIFA World Cup match times to maximize the fan experience:

- Arrival at the stadium approximately 2 hours before kickoff
- Return departure approximately 1 hour after the final whistle

This allows supporters to enjoy pre-match festivities, stadium atmosphere, and post-match celebrations without worrying about transportation logistics.

Buses remain on-site or nearby throughout the match, ensuring a dependable return journey.

Service to Philadelphia: Easy Access to Lincoln Financial Field

[FootyBus PHI](#) provides round-trip service from New York City to Philadelphia's World Cup venue, hosting multiple group-stage matches and knockout fixtures.

Key features include:

- Direct service from NYC to stadium
- Guaranteed seating with advance booking
- Multiple matchday departures coordinated with fixture times
- Late-night return service following evening matches

With Philadelphia expected to draw large international crowds, this service offers a practical alternative to navigating intercity trains, driving, or last-minute transport options.

Service to Boston: Straight to Gillette Stadium

[FootyBus BOS](#) connects fans from New York City to Boston Stadium (Gillette Stadium), one of the premier venues of the 2026 tournament.

The service includes:

- Direct motorcoach transport without transfers
- Match-specific schedules for all Boston fixtures, including knockout rounds
- Comfortable long-distance travel for the Northeast corridor

With Boston expecting hundreds of thousands of visitors and limited stadium parking, demand for organized transport options is expected to be high.

Designed for International Travelers

TransportAzumah's FootyBus service is tailored to the needs of global fans traveling to the United States:

- Simple booking process online
- Guaranteed seat—no standing or waitlists
- Direct hotel/city-to-stadium routes
- Reliable timing aligned with match schedules
- Comfortable motorcoach travel for longer distances

Unlike public transit systems that may require transfers or local knowledge, FootyBus offers a straightforward, guided experience ideal for visitors unfamiliar with U.S. transportation

networks.

A Smart Alternative to Matchday Congestion

With World Cup host cities preparing for heavy traffic, limited parking, and high demand for transit, transportation planning has become a key part of the fan experience.

Industry guidance for the tournament emphasizes the importance of pre-booked, direct transportation options to avoid congestion and ensure timely arrival at matches.

FootyBus aligns with this strategy by offering:

- Fixed schedules
- Pre-reserved seating
- Direct routing to stadium zones

This eliminates the uncertainty often associated with rideshares, last-minute tickets, or unfamiliar transit systems.

Important Booking Information

- Advance reservations are required for all FootyBus services
- Seats are limited and demand is expected to be high
- Fans should secure their World Cup match tickets before booking transport
- Schedules are subject to demand and operational adjustments

Connecting Fans Across the Northeast

With host cities like New York/New Jersey, Philadelphia, and Boston located within a single regional corridor, many international fans are planning multi-city match itineraries.

FootyBus services make it easier to:

- Stay in one central location (such as New York City)
- Travel efficiently to multiple host cities
- Avoid the complexity of booking separate transport for each match

Book Early, Travel with Confidence

As millions of fans prepare to travel to the United States for the 2026 FIFA World Cup™, transportation capacity will be limited and demand will be intense.

TransportAzumah's FootyBus services to Philadelphia and Boston offer a reliable, fan-focused solution—helping supporters focus on what matters most: the matches, the atmosphere, and the global celebration of football.

About TransportAzumah

TransportAzumah is a U.S.-based transportation provider specializing in event travel and charter services. For the 2026 FIFA World Cup™, the company is delivering dedicated fan transport solutions across multiple host cities, connecting supporters directly from their accommodations to stadiums with ease and efficiency.
