“

Fanmeile Miami is about more than showing matches on big screens. It is about bringing the shared energy of European football culture to Miami.”

Ben Maares

Inspired by the well-known “Fanmeile” tradition in Germany, where supporters gather in shared public spaces to watch matches together, Fanmeile Miami aims to translate that communal spirit into a distinctly Miami setting. The concept combines live match screenings with biergarten-style hospitality, themed food and beverage offerings, music, and a social atmosphere designed to go beyond a standard sports bar experience.

Hosted at Bay 13 Brewery & Kitchen, Fanmeile Miami will use both indoor and outdoor spaces to create a flexible event environment for fans, local residents, and international communities. Organizers say the goal is to build a destination where people can come together around football while also enjoying the broader cultural atmosphere that makes European fan zones memorable.

The launch also marks the beginning of a broader platform for collaboration with businesses, community organizations, and promotional partners interested in participating in the concept as it develops. In addition to match screenings, Fanmeile Miami plans to feature curated specials,

themed activations, and live entertainment elements that reflect the spirit of major football gatherings in Europe.

By combining football, hospitality, music, and community connection, Fanmeile Miami is positioned as a fresh addition to Miami's live-event landscape and a new way for fans to experience major international football moments together.
