

Video Intercom Devices Market Competitive Intelligence: Who's Winning and Why

The Business Research Company's Video Intercom Devices Global Market Report 2026 – Market Size, Trends, And Forecast 2026–2035

LONDON, GREATER LONDON, UNITED KINGDOM, April 21, 2026

/EINPresswire.com/ -- [The video intercom devices market](#) is dominated by a mix of global security and building automation companies, consumer electronics manufacturers, and specialized communication technology providers. Companies are focusing on IP-based communication systems, cloud-enabled access control platforms, integration with smart home ecosystems, and advanced video analytics capabilities to strengthen market presence and expand adoption across residential, commercial and government sectors. Understanding the competitive landscape is critical for stakeholders seeking growth opportunities, strategic partnerships and long-term positioning within the rapidly evolving video intercom devices market.

Video Intercom Devices Global Market Report 2026 – Market Size, Trends, And Forecast 2026–2035

Which Market Player Is Leading The Video Intercom Devices Market?

- According to our research, Honeywell International Inc. led global sales in 2024 with a 2% market share. The building technologies segment of the company is actively involved in the video intercom devices market, offering integrated security and access control solutions including video intercom systems, surveillance technologies and connected building platforms. It focuses on providing scalable, secure and interoperable solutions for residential complexes, commercial buildings and industrial facilities, supported by strong global distribution networks and advanced system integration capabilities.

[How Concentrated Is The Video Intercom Devices Market?](#)

- The market is fairly fragmented, with the top 10 players accounting for 13% of total market revenue in 2024. This level of concentration reflects the industry's diverse application base, varying regional standards, and the presence of both global brands and strong regional

manufacturers catering to specific customer needs. Leading vendors such as Honeywell International Inc., Panasonic Corporation, Axis Communications AB (2N Telekomunikace a.s.), Aiphone Corporation, Zhejiang Dahua Technology Co., Ltd., Hangzhou Hikvision Digital Technology Co. Ltd., Legrand SA, ASSA ABLOY (DoorBird (Bird Home Automation GmbH)), Comelit Group S.p.A. and URMET S.p.A. maintain competitive advantage through broad product portfolios, strong distribution channels, technological innovation in IP-based systems and integration with smart home and building automation platforms. At the same time, numerous regional and niche players intensify competition by offering cost-effective and customized solutions, driving continuous innovation and pricing competitiveness. As demand for smart security and connected communication solutions continues to rise globally, strategic collaborations, product differentiation, and expansion into emerging markets are expected to strengthen the position of key players while sustaining a highly competitive and dynamic video intercom devices market.

• Leading companies include:

- o Honeywell International Inc. (2%)
- o Panasonic Corporation (2%)
- o Axis Communications AB (2N Telekomunikace a.s.) (2%)
- o Aiphone Corporation (1%)
- o Zhejiang Dahua Technology Co., Ltd. (1%)
- o Hangzhou Hikvision Digital Technology Co. Ltd. (1%)
- o Legrand SA (1%)
- o ASSA ABLOY (DoorBird (Bird Home Automation GmbH)) (1%)
- o Comelit Group S.p.A. (1%)
- o URMET S.p.A. (1%)

Which Companies Are Leading Across Different Regions?

• North America: Aiphone Corporation, ButterflyMX, DoorKing (DKS), Viking Electronics, Swiftlane, LiftMaster (Chamberlain Group), Latch, Alpha Communications, Linear (Nortek Control), Talkphone, Mircom Corp., Telecor, BTicino, Hikvision, Dahua Corp., and ZKTeco are leading companies in this region.

• Asia Pacific: Aiphone PTY LTD, Hikvision, Dahua Technology, Panasonic Australia, Comelit Australia Pty Ltd, Hangzhou Hikvision Digital Technology Co., Ltd., DNAKE Intelligent Technology Co., Ltd., Zhejiang Dahua Technology Co., Ltd., Xiamen Leelen Technology, Xiamen Akuvox Technology Co., Ltd., Panasonic Life Solutions India Pvt. Ltd., Hikvision India Pvt. Ltd., Legrand, Comelit Group, Fermax Electronica, ABB Ltd., Panasonic Holdings Corporation, Aiphone Co., Ltd., Commax, Hyundai HT, KOCOM Co., Ltd., NICE Information & Telecommunication, Inc., and ALT Korea Co., Ltd. are leading companies in this region.

- Western Europe: Honeywell International Inc., Zhejiang Dahua Technology Co., Ltd., Hangzhou Hikvision Digital Technology Co. Ltd., ASSA ABLOY, Comelit Group S.p.A., Panasonic Security Solutions, Bosch Security and Safety Systems, and Axis Communications are leading companies in this region.
- Eastern Europe: Comelit Group S.p.A. and Axis Communications are leading companies in this region.
- South America: Honeywell International Inc., Zhejiang Dahua Technology Co., Ltd., Hangzhou Hikvision Digital Technology Co. Ltd., ASSA ABLOY, Comelit Group S.p.A., and Panasonic Security Solutions are leading companies in this region.
- Middle East: Honeywell International Inc., Zhejiang Dahua Technology Co., Ltd., Hangzhou Hikvision Digital Technology Co. Ltd., ASSA ABLOY, Comelit Group S.p.A., and Panasonic Security Solutions are leading companies in this region.
- Africa: Hikvision, Zenitel, BTicino, Aiphone, Comelit Group, Axis Communications, Honeywell International Inc., Johnson Controls International, Fermax, and Akuvox are leading companies in this region.

What Are The Major Competitive Trends In The Market?

- Increasing focus on contactless and remote access control technologies is transforming video intercom devices and enhancing user safety across residential and commercial environments.
- Example: In November 2025, Ring launched the Ring Intercom Video system in Spain, enabling residents to see, communicate with visitors and grant access remotely via a smartphone app, while supporting real-time video streaming and integration with existing building intercom systems.
- These innovations help reduce physical interaction, improve convenience and enable secure, remote and touchless access control across modern connected buildings.

Which Strategies Are Companies Adopting to Stay Ahead?

- Connected Intercom Ecosystems Enabling Smarter Building Security
- AI Elevating Video Intercoms Into Intelligent Security Systems
- Cloud-Driven Platforms Transforming Scalable Access Control
- Industry 4.0 Advancing Integrated And High-Performance Intercom Solutions
