Schneider Industries has been helping corporations manage surplus assets and liquidate inventory for over 30 years. Companies like Emerson Electric, The Ferrero Group, The Boeing Company, and Hain Celestial depend on Schneider Industries to liquidate factory equipment, reduce their unused commercial & industrial inventory, and turn real estate properties into liquid assets.

Schneider Industries provides acquisition and disposition services for all sectors of the manufacturing and processing industries from Hi-Tech to agriculture. No project is out of the realm for Schneider Industries' vast industry knowledge.

Schneider Industries was founded in 1993 by Bruce Schneider with the goal of assisting corporations in managing their surplus assets, including equipment and real estate. Schneider specializes in maximizing the value of corporations' surplus and idle equipment by creating individual strategic plans to reach end users thus maximizing value, all the while providing these services in a controlled, secure, and safe environment. Schneider Industries provides a
