

# Off Leash K9 Training of Hampton Roads Highlights Tracking Board & Train Program for Local Dog Owners

*The two-week program introduces dogs to structured tracking work through woods tracks, street crossings, and beginning urban environments.*

HAMPTON ROADS, VA, UNITED STATES, April 27, 2026 /EINPresswire.com/ -- [Off Leash K9 Training of Hampton Roads](#) is highlighting its Tracking Board & Train program, a specialized training option for dog owners interested in introducing their dogs to scent-based tracking work.

The Tracking Board & Train program is listed as a two-week package that introduces dogs to beginning tracking and progresses toward the basics of urban tracking. Training sessions are conducted at different parks and locations, allowing dogs to practice tracking in varied environments.

The program is designed to help dogs develop a solid track through woods, street crossings, and beginning urban settings. By working across different locations, the training gives dogs structured exposure to the types of environments involved in introductory tracking work.

Tracking training may appeal to owners interested in activities such as lost pet recovery, game recovery, or human tracking applications. Off Leash K9 Training of Hampton Roads presents the program as an option for owners who want to explore tracking beyond standard obedience training.

The Tracking Board & Train program is part of a broader service lineup offered by Off Leash K9

Sunset training with a loyal pup.

Training of Hampton Roads. Other listed programs include Basic Obedience, [2 Week Board & Train](#), Basic + Advanced Obedience, [Aggressive Dog Training](#), Therapy Dog Preparation, Basic Marker Mastery, and Puppy Training Consultation.
