

Gary Sinise Foundation Acknowledges One Water Systems for Donation Supporting Veterans Housing Initiative

SAN DIEGO, CA, UNITED STATES, April 29, 2026 /EINPresswire.com/ -- The [Gary Sinise Foundation](#) has formally acknowledged a contribution from [One Water Systems](#) in support of programs serving veterans, first responders, and their families. The contribution includes an in-kind donation of a water filtration unit valued at \$5,500. The donation is designated for the Foundation's RISE (Restoring Independence Supporting Empowerment) Smart Homes program in Dennet, Oregon, which provides specially adapted homes for severely wounded veterans.

The Gary Sinise Foundation noted that contributions of this nature support a range of initiatives, including providing equipment to first responders, assisting wounded veterans with continuity of care, and delivering resources to service members and their families.

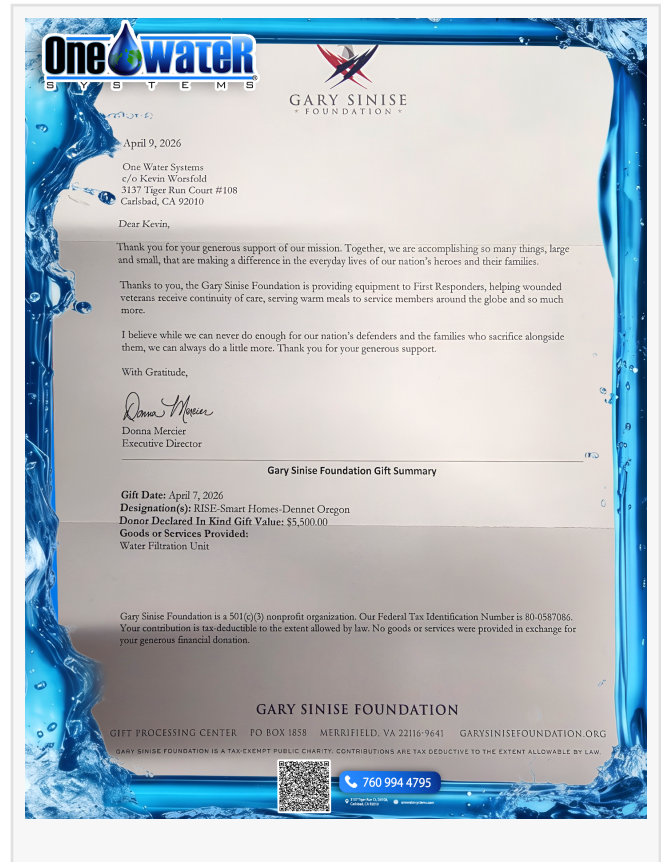

Access to clean and reliable water is an important component of residential infrastructure, particularly in housing designed for individuals with medical or mobility needs. The donated filtration system is intended to support water quality within the home environment as part of the Foundation's broader efforts to enhance daily living conditions for program recipients.

One Water Systems, based in Carlsbad, California, provides residential water filtration and treatment solutions and participates in community-focused initiatives as part of its operations.

The Gary Sinise Foundation is a 501(c)(3) nonprofit organization dedicated to serving and honoring active-duty service members, veterans, first responders, and their families through a range of programs, including housing, wellness, and relief services.
