

Clarksville Rehabilitation Hospital Announces Cody Knecht as Chief Executive Officer

CLARKSVILLE, IN, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- Clarksville Rehabilitation Hospital has announced the appointment of Cody Knecht, MBA, BSN, RN, as Chief Executive Officer. Knecht brings thirteen years of healthcare experience, with a strong background in inpatient medical rehabilitation, clinical operations, and strategic growth.

In his role as CEO, Knecht will oversee hospital operations, clinical performance, and strategic initiatives focused on advancing patient-centered inpatient medical rehabilitation services for individuals recovering from complex injuries and illnesses.

Cody Knecht, CEO Clarksville Rehabilitation Hospital

“

Cody's unique combination of clinical expertise and business development leadership makes him an outstanding choice to lead Clarksville Rehabilitation Hospital.”

Chris Bergh, COO of Nobis Rehabilitation Partners

him an outstanding choice to lead Clarksville Rehabilitation Hospital,” said Chris Bergh, COO of Nobis. “His ability to build strong referral relationships, support clinical teams, and drive operational performance will be instrumental as we continue to expand access to high-quality medical rehabilitation care in the region.”

Prior to his appointment, Knecht served as Director of Business Development at Indianapolis Rehabilitation Hospital, where he led growth initiatives and strengthened partnerships with referring providers and healthcare systems. Earlier in his career, he worked as a Clinical

Liaison supporting multiple medical rehabilitation hospitals across Indiana, as well as an Endoscopy Manager overseeing procedural care and team operations.

Cody holds a Bachelor of Science in Nursing from Lakeview College of Nursing and a Bachelor of Science in General Studies in Math and Science from Indiana University. He is a Registered Nurse licensed in Indiana and is certified in Advanced Cardiac Life Support (ACLS). He also earned his MBA from the University of Southern Indiana, completing the program in 2025.

"I'm honored to step into this role and lead the team at Clarksville Rehabilitation Hospital," said Knecht.

"Inpatient medical rehabilitation plays a critical role in helping patients regain independence and improve their quality of life. I look forward to building strong partnerships and continuing to deliver exceptional care to the patients and communities we serve."

About Clarksville Rehabilitation Hospital

Clarksville Rehabilitation Hospital is scheduled to open in Fall 2026 as a three-story, 40-bed inpatient rehabilitation hospital. The facility will feature 20 patient beds on both the second and third floors, each equipped with its own therapy gym to support comprehensive, patient-centered rehabilitation. The hospital is owned by Nobis. A team of medical rehabilitation physicians, therapists, and nurses at the hospital collaborates to create individualized, intensive therapy plans that help patients recovering from disabling illnesses and injuries such as stroke, brain injury, neurological disorders, and complex orthopedic conditions. regain independence and return to their communities.

[About Nobis](#)

Nobis develops, owns, operates, and manages inpatient rehabilitation hospitals across the United States. Through Nobis Rehab Management Group, the company also manages acute hospital-based inpatient rehabilitation units nationwide. Nobis is led by a team with deep expertise in inpatient rehabilitation quality, compliance, and operations, and has eight hospitals under construction. The company's experienced clinical teams provide compassionate, patient-centered care in thoughtfully designed rehabilitation hospitals that help patients regain independence and return to their communities.
