

D.E.M.M. Dumpsters LLC Now Offering Dumpster Rental Virginia Beach, VA

Same-day roll-off dumpster delivery now available across Virginia Beach, Chesapeake, Norfolk, Portsmouth, and Suffolk from veteran-owned local company.

VIRGINIA BEACH, VA, UNITED STATES, April 30, 2026 /EINPresswire.com/ -- [D.E.M.M. Dumpsters LLC](#), a veteran-owned roll-off dumpster company based in Chesapeake, VA, is now serving Virginia Beach with same-day and next-day delivery on residential and commercial dumpster rentals.

The company was founded by four Navy veterans who came home looking for a way to keep working together as a unit. They picked dumpsters because they saw the local market full of national brokers, hidden fees, and crews that didn't pick up the phone. Virginia Beach homeowners and contractors now have a different option.

“

Four of us came up through the Navy together. Now we run dumpsters across Virginia Beach the same way we ran a deck. Show up on time, do the work, no excuses.”

Donald Brown

The four Navy veterans behind D.E.M.M. Dumpsters LLC, a veteran-owned roll-off dumpster rental company serving Virginia Beach and the Hampton Roads region.

One run by people who actually served. The Chesapeake shop puts most of Hampton Roads inside a same-day delivery window.

D.E.M.M. Dumpsters offers four sizes across the region: a 10-yard roll-off, a 13-yard dump trailer for tight residential driveways, a 15-yard, and a 20-yard for full-scale construction debris. Most deliveries land on the same day or the next when the schedule has room. Each rental includes the first three days, with transparent per-day pricing for any extension after that. Disposal is

billed by actual weight at the landfill, not a flat overage

trap. There are no hidden charges. For [dumpster rental Virginia Beach VA](#), a single phone call locks in the size, the drop-off date, and the pickup window. The container goes where the customer asks. Driveway, side yard, jobsite curb. Whatever works for the project.

The company runs out of a shop on Thrasher Road in Chesapeake, roughly 12 miles south of Mount Trashmore Park. From there, trucks roll across Virginia Beach neighborhoods like Town Center, Sandbridge, and Kempsville, plus into Norfolk, Portsmouth, and Suffolk for residential and commercial jobs. But the team draws a hard line at the tunnels. Hampton and the Peninsula are not part of the service area. Tunnel traffic kills turnaround time, and a roofing crew waiting on a swap-out cannot afford a two-hour delay because of a backup at the bridge tunnel. The founders won't promise what they can't deliver. Local crews get the bin first. That is the standing rule.

D.E.M.M. Dumpsters LLC holds a 4.8-star rating across 39 Google reviews and has completed more than 500 rentals since launch. Most calls come from contractors needing a mid-job swap-out. Others come from homeowners who didn't realize how much debris a kitchen demo actually produces. The crew handles both situations the same way: pick up the phone, get the right size on the truck, deliver fast. The company also partners with The Fallen Outdoors through the 22 for the 22 campaign, funding outdoor

therapeutic programs for veterans. National brokers don't do that. They route the call to whoever's cheapest that day and leave the customer to figure out the pickup.

And for the contractor side, the 15 and 20-yard roll-offs handle full kitchen demos, framing waste, roof tear-offs, and multi-room renovations. The 10-yard fits cleaner residential jobs like a single-bathroom remodel or a garage cleanout. The 13-yard trailer is the right call when access matters more than volume, where a roll-off truck can't get the bin where the customer needs it. Each container ships from Chesapeake, which means most regional drops happen inside two hours of the trucks rolling out. Roofing crews don't have to stage materials and wait. Demolition crews don't have to push debris into a corner because the bin is full. The team swaps it out the same day. No drama, no excuses.
