ORLANDO, FL, UNITED STATES, May 8, 2026 /EINPresswire.com/ -- The Rhinase X Value Combo Pack won the Walmart "Golden Ticket" during the Walmart Open Call Event in 2025 with 700 businesses from around the country pitching over 1,000 products made, grown or assembled in the U.S. to Walmart and Sam's Club merchants. At this Open Call, more than 180 pitches resulted in "golden tickets" representing deals for suppliers to sell their products on Walmart, Sam's Club shelves, or online at Walmart.com . Profounda Health & Beauty will be in 126 Walmart physical stores in July 2026.

New Rhinase X Combo Pack for nasal dryness

The Rhinase X Value Combo Pack is the only product that helps with both lower and upper nasal congestion caused by nasal dryness. A patented drug free, dual salt, dual wetting agent based formula with a pH that is ideal for the nose offers a drug free, but effective option for patients dealing with nasal allergies and dryness. By helping to create a protective barrier it offers more than a simple saline rinse by both keeping away dirt, debris and pollen and at the same time retaining the needed moisture in the nasal cavities. No need to worry about drug rebound effects or products that don't last very long. Rhinase X is also unique in that it uses a "hypertonic" level of potassium and a "hypotonic" level of sodium to work naturally with each cell's sodium/potassium pump that controls the flow of water in and out of a cell. Safe for all ages and even expectant mothers, the Rhinase X Value Combo Pack offers a new option for patients

needing help during the allergy season or in dry environments.
