As of 2026, German School Campus is the only authorized facility in the Western United States—serving California, Oregon, Washington, Nevada, and Arizona—to administer these globally recognized proficiency exams. This landmark designation eliminates the need for West Coast residents to travel to the Midwest or East Coast to obtain the state-approved certifications required for European residency, university entrance, and professional licensing.

The Global Standard for German Certification The ÖSD is a "Gold Standard" credential officially recognized by the

governments of Germany, Austria, and Switzerland. As a full member of the Association of Language Testers in Europe (ALTE), ÖSD ensures the highest scientific and professional testing standards worldwide.

An Essential Gateway for International Mobility:

- Germany: Recognized for spousal immigration (A1) and naturalization/citizenship (B1).
- Austria: Mandatory for "Family Reunification" and permanent residence; level A2 is required

just to apply for university placement.

- Switzerland: Officially recognized by fide, the Swiss national agency for language competence.
- United States: Valued by German-speaking corporations and recognized by many U.S. schools for language credits.

A Decade of Specialized Education "After 10 years of building our campus in Newport Beach and our nationwide online programs for K-12 and adults, becoming the exclusive ÖSD hub for the West Coast is a proud milestone," says the Founder and Director of German School Campus, Ursula Schoeneich. "We are now the central gateway for students and professionals across half the country to unlock their futures in Europe."
