

# ReCorporate Cements Position as Dubai's Fastest-Growing Business Setup Consultancy, Surpassing 1000+ Company Formations

*ReCorporate Launches 1000+ Dubai Businesses, Sets New UAE Benchmark with 48-Hour Trade Licenses and 4.9-Star Rating*

DUBAI, DUBAI, UNITED ARAB EMIRATES, May 2, 2026

/EINPresswire.com/ -- ReCorporate, the UAE's highest-rated business setup consultancy, today announced a significant milestone in its growth journey, having successfully launched 160+ businesses across Mainland, Free Zone, and Offshore jurisdictions. With a flawless 4.9-star Google rating and a reputation for delivering trade licenses in under 48 hours, ReCorporate is rapidly becoming the go-to partner for global entrepreneurs choosing Dubai as their next chapter.

As the UAE continues to attract record numbers of founders, investors, and high-net-worth individuals — drawn by 0% personal income tax, 100% foreign ownership, and the coveted 10-year Golden Visa — ReCorporate is meeting the moment with a fully integrated, end-to-end formation experience that compresses what used to take months into days.

## A Different Kind of Business Setup Firm

While most consultancies hand clients a checklist and a coffee, ReCorporate runs the entire process — license issuance, Emirates ID, visa stamping, corporate banking, and Golden Visa applications — under one roof.

"Founders don't come to Dubai to fight paperwork. They come to build something. Our job is to remove every obstacle between an idea and an operating company," said a ReCorporate

spokesperson. "160+ launches later, we've turned what was once a bureaucratic marathon into a 48-hour sprint."

### What's Fueling the Growth

ReCorporate's expansion is being driven by three converging forces:

1. The UAE Talent Magnet — Dubai welcomed a record influx of millionaires, founders, and remote-first companies in 2025–2026, and that pipeline shows no signs of slowing.
2. Speed as a Service — Clients consistently report full company formation and residency completion in under four working days, a turnaround the industry has historically considered impossible.
3. End-to-End Trust — From Mainland LLCs to IFZA and Meydan Free Zone setups, to opening corporate accounts with tier-1 UAE banks, ReCorporate handles every touchpoint — meaning no handoffs, no lost paperwork, and no surprises.

### Services Powering the Momentum

### What Clients Are Saying

ReCorporate's 160+ five-star reviews on Google paint a consistent picture: speed, transparency, and zero hidden costs. Founders from India, the UK, Russia, Pakistan, and across Europe credit the firm with making the daunting process of relocating a business to the UAE feel "almost routine."

### Looking Ahead
