NASHVILLE, TN, UNITED STATES, May 5, 2026 /EINPresswire.com/ --

Jacaranda Tech is proud to be featured in The RISE 40, a new report from Huron highlighting the companies

shaping the future of the student lifecycle across recruitment, retention, and career readiness. The technology was featured as the only resource for application screening under the Recruitment category for Application evaluation, transfer, and re-enrollment.

“

We built Jacaranda Tech as an admissions solution for ‘Faster and Fairer Decisions’. This recognition reinforces our belief that efficiency and integrity... go hand in hand in the admissions process.”

*Brent Ransom*

Jacaranda Tech is changing the landscape of admission programs by helping teams evaluate applications faster and with more credibility than before. As an admissions solution for ‘Faster and Fairer Decisions’, the platform does not use predictive analytics, which can lead to bias without professional use and structure. Instead, Jacaranda Tech systematically reduces applicant pools to manageable qualified numbers while achieving holistic results in just 1/5 the time.

The team is proud to be included alongside an incredible group of innovators working to rearchitect the integrated student experience.
