

Miller Utilities Acquires Subsurface Construction, Expanding Capacity and Service Capabilities

Strategic acquisition strengthens Miller Utilities' workforce, resources, and ability to deliver comprehensive infrastructure solutions.

HASTINGS, MN, UNITED STATES, May 5, 2026 /EINPresswire.com/ -- Miller Utilities today

We're excited to welcome Subsurface Construction to the Miller Utilities family. This acquisition strengthens our ability to ensure customer success with greater capacity and efficiency."

Chandra Rao, Chief Executive Officer, Miller Utilities

announced the successful acquisition of Subsurface Construction, a move that significantly strengthens the company's operational capabilities and expands its reach across key service areas. The transaction marks a pivotal step in Miller Utilities' growth strategy, enabling the combined organization to deliver greater capacity, efficiency, and integrated solutions to its customers.

With this acquisition, Miller Utilities gains access to Subsurface Construction's experienced team, specialized equipment, and established project expertise. Together, the two organizations will be better positioned to serve clients with a full suite of services under one unified

banner.

The integration of Subsurface Construction into Miller Utilities is expected to be completed in the coming months. Both organizations are committed to a seamless transition that prioritizes continuity of service for existing customers and preserves the strengths of each team. For more information about this acquisition and what it means for current and prospective customers, please contact Miller Utilities directly.
