*Compass Intelligence Unveils 14th Annual CompassIntel Award Winners, Honoring Innovation Across IoT, Business Tech, and Emerging Technologies*

SAN ANTONIO, TX, UNITED STATES, May 6, 2026 /EINPresswire.com/ -- Compass Intelligence proudly announces the winners of the 14th annual [CompassIntel Awards](#), recognizing leading companies, standout products, and innovative technology solutions across IoT and connected ecosystems, business technology, and emerging tech sectors.

This year's program drew an impressive 81 nominations from a diverse group of industry participants, including companies, public relations and corporate communications firms, editors, journalists, analysts, and technology peers. Winners were selected through a voting process conducted in late April and early May by a distinguished panel of industry press, editors, journalists, thought leaders, and analysts. In total, 40 companies and organizations have been honored in this year's spring awards.

"CompassIntel continues to recognize the trailblazers and visionaries shaping the future of technology and innovation. These recipients exemplify excellence, pushing boundaries and accelerating transformation across industries," said Stephanie Atkinson, Founder of Compass Intelligence. "At Compass Intelligence, we are privileged to spotlight organizations that not only innovate but also create meaningful impact in how businesses and communities connect, operate, and grow. This year's winners truly reflect the momentum and ingenuity driving the next wave of digital transformation," Atkinson added.
